GREETINGS—1930

IN PRESENTING my fifth catalogue it is with the greatest pleasure that I thank you all for the continued patronage. I have added many new customers to my list and have received an enormous number of letters praising my Cape Cod tubers. My stock has done very fine in all parts of the United States and Canada. My Dahlia business is still on the increase and we dug 25,000 clumps to fill orders for 1930.

The past season was very disappointing to a great many on account of no rain to amount to anything. My Gardens, however, did wonderful because they are situated right on the shore of the salt water on Cape Cod Bay and they had plenty of fog and dew that supplied just enough water for them. I never give them water as we only have enough for household uses. The blooms were very fine this season and we had very few insects. Last season (1928) we were bothered a lot by grasshoppers that ate the blossoms. I picked my first bloom on July 4th, and by September it was hard to walk between the rows there was so much foliage and blossoms and they were all tied up.

My tubers clumped up very fine and were in the ground long enough to ripen or mature in grand condition.

Of satisfied customers I will be pleased to give addresses to any one. Cape Cod tubers are hard to beat as they are grown naturally and in the best of soil. If I have stock that does not do well at my Gardens I destroy it and get some new. I better my stock each year for the benefit of my customers and that is why they stick to me as they are perfectly satisfied. My aim is honesty and square dealings.

Each year I visit the leading shows of the East and add to my collection the outstanding specimens. I have at the present time about 800 varieties.

I send orders all over the United States and Canada and a few abroad. We grow a great many varieties that we have only a few clumps of and if you wish some variety that is not in the catalogue write and we may have it.

I wish to thank all for the wonderful business you gave me last year and all who visited my Gardens. Come any time whether you wish to buy or not. My Gardens are for the pleasure of you all who love the Dahlia and Gladioli.

I hope my 1930 catalogue will be of interest to you and that I may merit your orders. My stock is free from disease and I destroy all stunts and runts and destroy all that do not run true.

Honesty and a square deal is my policy.

With the very best of wishes to you all and a very successful season for 1930, I beg to remain.

Most sincerely,

Dr. SHIRLEY SMITH SHATTUCK,

Sagamore Gardens.

SAGAMORE GARDENS

New Introductions for 1930

ALEPPO. Dec. (Dr. Shattuck.) I believe this to be one of the best yellows on the market on account of its long, stiff stem. This Dahlia has good depth and good size. Color a pure glistening picric yellow with fine petals. Flowers are not coarse like a lot of the yellows. Beautiful formation and fine foliage.

Tubers, \$10.00; Plants, \$5.00

ANGELA MIA. Dec. (Dr. Shattuck.) The most popular white in my garden this season because it has depth. Most of the whites are not full enough. This flower is like a large ball with a stiff stem. Very free bloomer with the best of foliage.

Tubers, \$10.00; Plants, \$5.00

BARCELONA. Dec. (Dr. Shattuck.) This seedling is four years old and has improved each year. The color is light carmine, very striking, has to be seen to be appreciated. It has a long rigid stem, twelve to eighteen inches long, holding the eight to ten inch blossom erect and perfect in formation. It has stood the insect test perfectly. Foliage is dark green and leathery. One of the most popular in my garden this season. Stock almost sold out.

Tubers, \$10.00; Plants, \$5.00

MING TOY. Dec. (Dr. Shattuck.) One of the brightest and most striking Dahlias I have seen. A regular oriental color of velvety pomegranite purple. Stiff stem, medium size, fine foliage.

Tubers, \$5.00; Plants, \$2.50

MRS. FANNIE BEALS. Dec. (Dr. Shattuck.) This is a four-year-old seedling and has improved each year. It is a deep rose pink splashed and striped tyrian rose with a faint shade of yellow near the base of petals. It has a fine long stem and blooms are very large and it blooms freely. Fine foliage and tall plant. Nothing like it on the market. Stock nearly sold out at my gardens this summer.

Tubers, \$10.00; Plants, \$5.00

PEACH BLOSSOM. Dec. (Dr. Shattuck.) A very odd and popular Dahlia at my gardens. Color jasper red, striped and splashed on a faint yellow background. Very striking. The blooms are large on stiff stem. A wonderful bloomer. Plants of medium height and fine foliage.

Tubers, \$7.50; Plants, \$3.75

SILVERY MOON. Dec. (Dr. Shattuck.) A real white that is a white. A three-year-old seedling, never been shown, with a good stem. Flowers have good depth and are large but must be disbudded as it is a profuse bloomer. I had eighteen blooms on one plant this season. Foliage very fine and insects do not bother it at my gardens. Only a few tubers left.

Tubers, \$10.00; Plants, \$5.00

T. A. NORRIS. Dec. (Dr. Shattuck.) One of the most striking Dahlias in my garden. A perfect beauty that is white, shaded and tipped light vinaceous purple. The flower is a big improvement over Shudow's Lavender in color, stem, size, foliage and keeping qualities. Enough said.

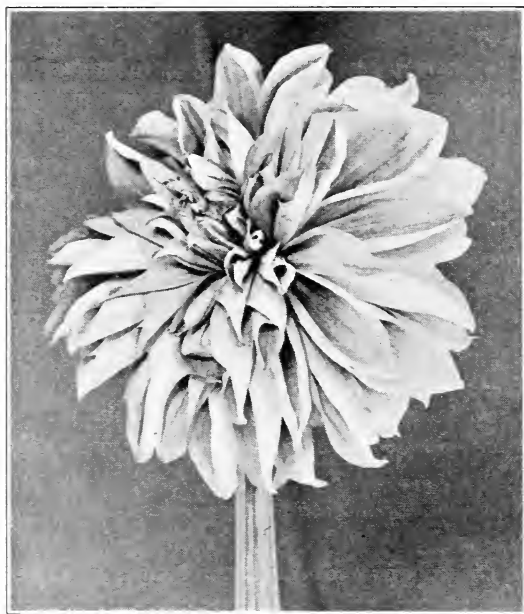

Tubers, \$10.00; Plants, \$5.00

THREE CHEERS. Dec. (Dr. Shattuck.) Named after Fred Stone's great show. A beauty. Tyrian rose, white tipped, cleft petals, very large and deep. A dandy to look at but I am sorry to say it has a poor stem, hence the price. Stem like its parent, Our Country.

Plants, \$2.50

SAGAMORE GARDENS

My Introductions of 1929

PRINCE OF PILSEN

PRINCE OF PILSEN. Dec. (Dr. Shattuck.) One of the most popular Dahlias in my garden. It is a flower of gigantic proportions. Color is rhodamine purple with silver reverse. Petals twist a little showing the silver which adds to its beauty. It has broad overlapping petals with twisted ends and has a fine full center. The stiff stems are from twelve to eighteen inches long holding the flowers way above the foliage. The flower is deep and grows to eleven inches in diameter. Foliage is dark green and leathery and insects have never bothered it. Height of plant six to eight feet. This is a dandy for size and stem and for you who are looking for the big fellows this is one. Tubers all sold.

Plants only, **\$7.50**

SAGAMORE BEAUTY. Dec. (Dr. Shattuck.) A very handsome deep rose pink with a small cream center. A fine cut flower and great keeper. It has a good stiff stem ten to twelve inches in length. The flowers are held up and look right at you. It has good depth and are from six to seven inches in diameter. Foliage dark green and insect proof. Won third prize in the seedlings class at the Boston Show in 1927 in a class of sixteen. Also won first prize at Barnstable County Fair for best decorative basket of five blooms in 1927. The only times it has been shown.

Tubers, **\$5.00**; Plants, **\$2.50**

New and Up-to-Date Dahlias for 1930

ALTA RAY. Oval Dec. (R.) Salmon orange. An eight inch commercial exhibition. One tint darker than Jane Cowl and without the Cowl Bull's eye center. A grand stem with foliage up to the bloom. Scored ninety as the best six three-year-old seedling at the Biltmore, California. **\$10.00**

ANNA MARIE. (Wiegand 85.) Six feet. This Dahlia's popularity is due to its attractive coloring of old gold suffused reddish salmon, distinctly tipped white. Flowers of good form on fine stems. **Tubers, \$2.50**

A. O. KENNY. Dec. (Darling.) Large flowers of perfect form and great depth, carried on good stems. Color a rich bronze buff shade of one tone, but with the center tinted with bronze. Never on any Dahlia have we seen more gold dust on the petals than on this variety. Plants grow medium height and are very free flowering, in a class by itself. This Dahlia was placed on the Honor Roll of The American Home Magazine, December, 1928. **Tubers, \$10.00; Plants, \$5.00**

BROCKTON BEAUTY. Dec. (Carver.) A very large flowers which commands attention when seen growing in the garden. A profuse bloomer of great depth and size. Flowers remain large all through the season. Color is a pinkish lavender, shading to creamy white center, with reverse of petals pinkish lavender. A wonderful keeper with a fine stiff stem holding the large flowers well above the foliage. **Tubers, \$7.50; Plants, \$3.75**

CITY OF MONTREAL. Dec. Won the Lufkin silver cup as a special prize at the 1929 Boston Show for the second best decorative of New England origin, and was greatly admired by all. The plant is a medium tall grower and extremely robust growing. The foliage is a heavy dark green and very leathery. It is a very profuse bloomer from early till late. I have had as many as nine blooms on a single plant at one time, all over nine inches. Stems are perfect and hold the large blooms up at all times. Ridgway color chart gives the color as aster purple, reverse of petals light mallow purple. Blooms are very deep and stand for days when cut. **Tubers, \$10.00; Plants, \$5.00**

CONQUISTADOR. H. C. Soft creamy yellow shading to a glowing pink at the base of the petals. The pink coloring is very pronounced and gives to the flower the appearance of being illuminated from within. This is a Dahlia built on a massive plan. The plant is extraordinarily tall and the flowers can be cut with four-foot stems. The bloom is in proportion, being regular, rather coarse petaled, broad and deep. Moreover, the texture of the flower is of the same vigorous quality, not being easily soiled by wind, sun or moisture. Beautiful, vigorous, hardy—a "best Dahlia in the show" variety. Stock limited.

Tubers, \$7.50; Plants, \$3.75

DOROTHY DIX. H. C. An immense blossom of silvery pink of distinct formation. Petals roll very evenly. Stem is perfect long and stiff. Plants grow tall and sturdily and produce big flowers early and late. Center is always closed. This is one of the largest hybrid cactus and has every good quality.

Tubers, \$7.50; Plants, \$3.75

DR. JOHN H. CARMAN. A large, deep, broad petaled tyrian rose flower tipped petunia and silver on stiff and heavy stem eleven to twenty-two inches long with neck of equal strength. Flowering habit very good and lasting. A large-leaf variety, crown-out and grow to six canes. Awarded Certificate of Merit, 1928, by the American Dahlia Society at Storrs trial ground.

Tubers, \$7.50; Plants, \$3.75

FRANK MILLER. (R.) Picric yellow. A very large decorative on a straight stem that wins every time it has been shown for two years. "The best 'yellow' decorative in America"—Warren. (Picric yellow is about one tint lighter than a well colored lemon.) **\$10.00**

FLORADORA. Dec. Bright apricot. We believe this is a seedling of the well known prize-winner, "Jove", although its habits are considerably different and the flower even larger. The rich coloring makes a special appeal and the formation is interesting in that the petals are unusually long and slightly recurved. It is a loosely formed flower rather than a heavy one and its depth is sufficient to balance its substantial diameter. Free blooming and of medium height. **Tubers, \$7.50; Plants, \$3.75**

FRED W. PATTERSON. H. C. (Kemp.) A seedling from the beautiful Adda Patterson, but a stronger, heavier flower. The color is difficult to accurately describe, and as near as we have been able to work it out, with the aid of Ridgeway's color chart, the color is lavender pink, with deep amaranth pink reverse. A beautiful color combination that instantly attracts and holds the attention. The flower averages ten inches across. The long stiff stem holds the flower high above the foliage. Plant is vigorous, with stem, foliage and habit identical with Adda Patterson. A most excellent garden and exhibition variety. Height 7 feet. **Tubers, \$7.50; Plants, \$3.75**

JOVE. Dec. Bronze pink. Pink or salmon is the predominant color with the bronze coloring somewhat accented toward the center. The flower is very large and can be grown as the largest Dahlia in the show, ten-inch blooms being common under ordinary field culture. The stem is the best possible, being long, strong and straight. Has everything to make it a first-class variety. **Tubers, \$3.50; Plants, \$1.75**

KATHLEEN NORRIS. (F. & M.) We believe this to be the greatest pink decorative Dahlia in commerce today. Color a true rose pink, later deepening to mallow pink, but paler in the young central petals. A bloom of gigantic proportions; petals broad and overlapping with twisted ends; full, tight center. The first two leaves on the straight, stiff stem are from twelve to fourteen inches from the flower; a great bloomer and an excellent keeper. Has been awarded the highest prizes wherever exhibited the past season, also the Garden and Home Builder Achievement Medal at the exhibition of the Dahlia Society of New Jersey; also at the A. D. S. Show in New York. **Tubers, \$10.00; Plants, \$5.00**

KENDAL GLORY. (Kendal, 1930.) A 1926 seedling which performed consistently in our gardens in 1927, 1928 and 1929. In the spring of 1929 it was forwarded to the American Dahlia Society trial ground at Storrs, Connecticut. Under very difficult conditions at these grounds it scored 83 and on one of the judges' cards the significant comment was made "It's good". It is a true cactus variety whose entire bloom is rose red. It lasts about three weeks on the stalk and during the last week a golden sheen develops on the entire bloom, giving it a most gorgeous appearance. It has good long stems, medium heavy in size, with flowers six to eight inches; depth three inches. The plant bushes well and attains a height of four to five feet. It is a free bloomer. The huge spidery bloom holds a tight full center from early until late season. The coloring is unique in the cactus varieties. It is a \$10.00 flower, but we price it cheaper as it is our first introduction. **Tubers, \$7.50 each, net; Plants, \$4.00 after May 1st**

MOTHER MACHREE. Dec. Cream or ivory white with a touch of pink at the center. "Something entirely new," a well known authority on Dahlias said. The color is surely very much out of the ordinary and the great big deep flowers on tall stalks are outstanding in the Dahlia patch. **Tubers, \$7.50**

MRS. ALFRED B. SEAL. Dec. (Seal.) Described by the originator as follows: Undoubtedly the largest and finest pure, rich, glowing, old rose Dahlia ever produced—nothing we have ever seen can even remotely approach it. Such an unusual coloring—the softest, richest shade of pure, glowing, old rose imaginable. The flowers are huge, measuring with Siskiyou, and of great depth and substance, and held proudly erect above a tall, strong bush. It won at Palace Hotel, the Garden and Home Builder Achievement Medal for Best New Dahlia originated west of the Rocky Mountains. New for 1929 and the outstanding Western Dahlia of the year. Tubers, \$15.00; Plants, \$7.50

ORIENTAL BEAUTY. For sheer beauty and perfection of form, stem and foliage this is the queen of Dahlias. A clear, brilliant rose pink, a tone deeper than delicate. Petals roll more than the average hybrid cactus. Just a suggestion of a lighter tint at the tips accentuates the incurved form. Blooms average seven to eight inches but can be grown much larger. Exhibited first in 1927 at the Los Angeles Biltmore it took first for best Dahlia in the show. At the 1928 show it showed itself a consistent winner by winning the Garden and Home Builder (American Home) medal. If we could grow but one Dahlia we would choose Oriental Beauty. Tubers, \$10.00; Plants, \$5.00

PHYLLIS SHAW. Dec. A monstrous flower of apricot orange with reverse of petals jasper red with gold sheen. The blooms are gigantic in size and depth. This is a seedling from Elite Glory and has much the same habits in growth; foliage is very dark green and leathery, the kind the insects do not like. Plant is very robust, and blooms very freely with good full centers all season. Stems are long and stiff as a cane, blooms are well out at top of plant. This flower was awarded a Dahlia Society of New England Silver Medal at the 1928 Boston Show. Not to be released until 1930 owing to lack of stock. Tubers, \$10.00; Plants, \$5.00

RICHELIEU. A new type of decorative Dahlia that resembles a very large rose of deepest red. The petals have a velvety texture new in Dahlias. This beautiful flower grows on top of the stem like a rose. Sturdy bushes and exceptionally strong stems. Will keep for days as a cut flower. Tubers, \$6.00

RISING MARS. (Simmons.) A hybrid cactus that for five years has been winning awards at the New England Dahlia Society shows. It has won seven first prizes, two silver medals, and the Darling Cup. In December, 1928, it was placed on the Honor Roll of The American Home Magazine. An abundant bloomer, early and late. Natural flowers with a uniform size of nine inches. Its color given by Ridgeway's chart as pomegranate purple. In the sunlight the blooms have a three tone effect. Never burns in the sun or sheds its petals. Can always be depended upon for blooms and a tight center. The plant stands five feet with dark green leaves and needs no pruning. The strong stems are long and slender. For the first time this five-year-old seedling is offered for sale. The tubers offered are all field grown from tubers. Tubers, \$7.50; Plants, \$3.75

STARLIGHT. Dec. (Boston.) One of Bessie Boston's best 1928 novelties, described by her as a huge flower of pure unshaded gold, with tall robust bushes always laden with perfect center flowers. Tubers, \$10.00; Plants, \$5.00

THE SPIRIT OF ST. LOUIS. (Carver.) In this we have a Dahlia everyone has been waiting for. Something entirely different in color. It might be described best as nearest to a pleasing true American Beauty rose color. Will not fade or burn in the sun. It was the sensational seedling at the Boston Show where it attracted much attention and received much favorable comment, winning the Achievement Medal awarded by the Garden and Home Builder for the best undisseeded decorative seedling. A superb flower of wonderful beauty. A very free bloomer. The flower has great depth and is carried on a good stem. Tubers, \$7.50; Plants, \$3.75

THE WORLD. Dec. (Dahliadel.) This wonderful new Dahlia was selected at the A. D. S. Show in New York, by Mr. J. D. Sullivan, of the New York World. The coloring is unusual—rich deep rosy magenta overlaid garnet with silver shadings on edges of petals. A rich and beautiful combination of colors. Perfect full centers, eight to ten inches across and half as deep. Bush five feet, stems strong and erect. Foliage leahery and repellant to insect injury. This greatly admired Dahlia is sure to please you. Stock limited.

Tubers, \$7.50; Plants, \$3.75

THOMAS HAY. A giant in very truth, of clear lilac color throughout. Flowers deep, full and massive, with broad florets bluntly pointed. The stems carry the huge flowers with ease, and the plants flower with surprising freedom. This variety is almost identical in every way (except for its lilac color) to the now famous "Berengaria". One of the best Dahlias in our garden, 1928.

Tubers, \$4.00; Plants, \$2.00

TREASURE ISLAND. Dec. (Dahliadel.) One of the brightest autumn shade Dahlias we have seen. Color bright apricot with gold and rose suffusion and shadings. Bush growth is strong, branches readily from the ground, giving five feet stems. Flowers are held erect with full centers throughout the season. Grows easily ten inches across and five inches deep. A Dahlia that will score high both early and late in the season.

Tubers, \$7.50; Plants, \$3.75

VALENTINO. (One of the most beautiful 1928 novelties of Bessie Boston's.) The name suggests beauty and the flower has great size and attractive formation. It is a rue salmon pink, shading to cream at center and is held erect by long upright stems, and grows out of a bush of medium height. This Dahlia was very beautiful in our garden and we have heard many fine reports of it throughout the country.

Tubers, \$7.50; Plants, \$3.75

VALESKA. Dec. Deep lilac. There is no variation in color unless perhaps the lilac shade slightly deepens at the center. We would like to give a more vivid color picture if we could but are completely at a loss to do so, and can only say we know of no other Dahlia like it. The immense blooms have a deep rose-like formation with petals slightly curled and with a bewitchingly pointed center. The stem is first-class, and the growth of the plant luxuriant in the production of fine blooms.

Tubers, \$4.00; Plants, \$2.00

YELLOW BEAUTY. (Wood-waite.) A seedling of Jersey's Beauty, having the same splendid stem, perfect form and habit of growth—the color being a pure empire yellow.

Tubers, \$10.00; Plants, \$5.00

DAHLIA—Alphabetically Listed

A

ADALINE WINTER. (Winter.) Adaline Winter is a seedling from William Agnew. It is a brilliant vermilion carmine. It is a much better flower than its parent, has longer stems, better foliage, is hardy and is most fascinating as a cut flower, remaining double to the end of the season.

Tubers, \$0.50 each

ADDA PATTERSON. H. C. Flowers are pure white; average eight to nine inches in diameter. Splendid keeper. An all around white Dahlia.

Tubers, \$2.00; Plants, \$1.00

A. D. LIVONI. S. Color a clear, cerise pink. Long stems. \$0.25 each; \$2.50 doz.

- AIBONITA.** Dec. Flowers of immense size, on long, graceful stem. Color, a bright glowing pink shading to a rich golden yellow at the center. The flowers are deep and well formed. Tubers, \$0.75
- ALICE WHITTIER.** H. C. The best yellow to date and winner of the President Cup at Boston, 1924. A strong, robust grower, extra large, nine and ten inches in diameter and five and six inches deep. Color, primrose yellow with a golden glow at base of petals. The flowers are held erect on long, stiff stems. Tubers, \$1.50; Plants, \$1.00
- ALEXANDER POPE.** H. C. Giant prize winner. Beautiful crimson face, with magenta reverse, making a lovely combination, due to the unusual twisting of the petals. Tubers, \$2.00; Plants, \$1.00
- ALEX. WALDIE.** Dec. Immense flowers on good stems of a lovely cream and salmon pink combination. Beautiful form. Tubers, \$0.40
- AMARILLO GRAND.** H. Dec. (Broomall.) Light yellow, compared with Sunny South the petals are broader and the flowers are much larger, in fact they are enormous and are produced in abundance. Tubers, \$1.50; Plants, \$1.00
- AMBASSADOR.** C. (Broomall.) Is exhibited at every Dahlia show, a fine exhibition and commercial flower of soft yellow, buff shaded salmon pink. Well formed flowers of large size borne on very good stems. Tubers, \$1.00
- AMERICA'S GLORY.** Dec. The color is a light bright scarlet, evenly tipped white, and never produces any solid colored blooms. Long stiff stems hold the large full centered blossoms perfectly upright. Tubers, \$2.50; Plants, \$1.25
- AMUN RA (The Sun God).** Dec. Gorgeous shades of copper and orange. Tubers, \$0.60
- ANDREAS HOFER.** C. One of the finest I have ever seen. A very large flower on a perfect stem and a great keeper. Color, bright, warm, vivid color with carmine yellow center. Tubers, \$1.50; Plants, \$1.00
- ARTHUR TWITCHETT.** C. American cactus, coloring a faint blush pink, turning to white late in the season. The large bloom is composed of many incurved petals. The stems are excellent and the plant is a generous bloomer. Tubers, \$0.75
- AURORA B.** Dec. Color, reddish purple, with white collarette. Tubers, \$0.50
- AUORE.** Dec. Large flower of orange buff. Tubers, \$0.40
- AZTEC GLORY.** (Broomall.) A glorious Dahlia in every sense, color, form, size. This is one of the big fellows, and when the blooms attain large size the flower has an added distinction in the curl of the end of the petal. Color is rich clear golden yellow, without tints or blends. Flowers held erect on strong stiff stems. Tubers, \$7.50; Plants, \$3.75

B

- BABA BOTT.** H. C. A new pink and white hybrid. Tubers, \$0.50
- BABY PINK BEAUTY.** Dec. (Murphy.) This is the finest solid pink ever put on the market. I have grown this flower for the past four seasons and it truly is a wonder on long good stems. Mr. Murphy says six to eight inches in size but I had one ten inches and one nine. This flower is held well above the foliage. The color of mine were truly wonderful as I had it in bloom right near the salt water. No collection is complete without this one. Tubers, \$5.00; Plants, \$2.50

BALLET GIRL. C. Orange, sometimes edged, marked or shading to white, pure orange at times; a very attractive flower. Tubers, \$0.50

BARBARA REDFERN. Dec. (Redfern.) Color is a delightful blend of old rose and old gold, immense in size with great depth, flowers are borne on heavy, stiff stems. A particularly free bloomer, plants tall and vigorous.

Tubers, \$3.50; Plants, \$1.75

BARBARA WEAR. (Seal.) A beautiful lavender pink decorative on a wonderful stem and a strong grower, of the best of habits. Won the Garden and Home Builders Achievement Medal for the best new Dahlia originated west of the Rocky Mountain. Nuf sed.

Tubers, \$7.50; Plants, \$3.75

BASHFUL GIANT (Marean). Dec. This is the largest flowering Dahlia ever produced. Color, an apricot with golden shadings.

Tubers, \$0.75

BEAU IDEAL. Dec. (Boston.) Color pinkish lavender. Bloom large, well formed with good center. Growth and stem desirable.

Tubers, \$3.50; Plants, \$1.75

BEN WILSON. Dec. Buff, shaded red, tipped with yellow. Tubers, \$0.50

BERENGARIA. Dec. A marvelous flower with orange at center, shading to gold, with a golden sheen in the sunlight. Flowers ten to twelve inches over a low robust plant. One of the best.

Tubers, \$3.50; Plants, \$1.75

BERTHA PENNINGTON. Dec. The plant grows very tall and robust, the stems are extra long and straight. The color is a delicate coral pink shading quickly toward the center to a light coral red. Owing to the artistic formation of the petals, this color is so pronounced that it is almost the main color of the bloom.

Tubers, \$1.00

BERTHA STORY. Dec. A deep rose-pink. Tubers, \$0.25

BETTY IVINS. Ex. Dec. A remarkable flower of huge proportions. Petals thickly placed to form a very full flower. Color a rich salmon, overlaid with an amber glow, showing a rosy pink reverse. Petals have that soft glistening gleam, as reflected in the texture of a rose. For a flower of such size, it has a remarkable stem that holds it perfectly upright, a point which has been noted by many of its admirers. Plants grow medium-tall with thick green foliage, stems stiff and long.

Tubers, \$5.00; Plants, \$2.50

BILLIONAIRE. Peo. Orange. Of a distinct golden shade. Tubers, \$0.50

BLACK BESS. H. C. A very beautiful black crimson. Good stem. Tubers, \$1.00

BLACK JACK. Dec. A very dark maroon, almost black; flowers are extremely large with long, stout stems; don't burn. Tubers, \$2.00; Plants, \$1.00

BONNIE BRAE. Dec. Cream, shaded blush pink. Large flower. Tubers, \$0.50

BRIDE'S BOUQUET. H. C. An ideal white cactus, long stem. Tubers, \$0.35

BUENO. (Bessie Boston.) This is a large, beautiful flower of an original coloring with a long, perfectly stiff stem. Color is burnished copper, shading to yellow at the center suffused with pink, bushes grow tall, and it blooms freely.

Tubers, \$3.50; Plants, \$1.75

C

CALIFORNIA ENCHANTRESS. C. Flowers of very large size, of a delightful shade of soft pink borne on stiff wiry stems in great profusion. Tubers, \$0.70

CALIFORNIA SUPERBA. Dec. Large light pink, narrow petals shading to white at the center. Tubers, \$0.90

CALVIN COOLIDGE, JR. A large decorative Dahlia which created a sensation at Bronx Park and wherever exhibited. The flowers are immense, beautifully shaped, never showing an open center, color a bright rose pink, slightly suffused salmon toward center, petals edged gold. The blooms which are produced in abundance carry themselves erect well above a strong growing plant on long stiff stems. This Dahlia was named by special permission of President and Mrs. Coolidge. Tubers, \$1.50

CAMDEN COURIER. Dec. (Wolfrum.) This massive Exhibition Dahlia is not only very large in size, but has great depth, on long straight stems. Flowers light cadmium overlaid grenadine red. Of artistic formation. A giant plant. This huge flower was very popular. Tubers, \$2.50

CARNIVAL. A very attractive new Dahlia from The Barker's. A large deep bloom in bright cardinal red with small petaloids at base of petals of chamois color. A very rugged grower. Tubers, \$3.50; Plants, \$1.75

CASPER G. WARE. Dec. (Dahliadel-Bowen.) Flowers eight to ten inches. Regularly formed and produced profusely on strong stems. Color bright clear violet rose. At the New Jersey Dahlia Society Show, held in Atlantic City, it won Camden Dahlia Society Silver Cup for best twenty-five blooms of New Jersey Origination 1927. We recommend this variety for exhibition and commercial qualities. For bedding and edging it is in a class of its own. When cut it keeps longer than any other Dahlia. Tubers, \$1.00

CATHERINE COOPER. Dec. Rosy lavender, good stem. Tubers, \$0.50

CATHERINE WILCOX. Dec. White, points of petals tipped cerise. Tubers, \$0.50

CHARLOTTE FARGO. Dec. This fine large yellow decorative we think is one of the best yellows we have. Tubers, \$1.00

CHAMPAGNE. Dec. This is a very large and beautiful flower. The color is rare and delightful, warm autumn shades varying from burnished copper to a dull golden champagne and chamois, rigid stem. Tubers, \$1.00

CHARLES STRATTON. D. A new combination, salmon pink and yellow buff shades that blend and make a nice unusual flower, very large. Tubers, \$0.75

CHARLOT LA FRENZ. (Seal.) One of the best California decorative varieties in our trial ground last year; perfect flowers held facing on perfect stems held away above a strong growing plant. The color is beautiful, a pleasing autumn color combining shades of yellow salmon and apricot. A wonderful color effect. We strongly recommend this Dahlia for all purposes. Tubers, \$5.00; Plants, \$2.50

CHEMAR'S MASTERPIECE. A huge incurved cactus flower of orchid pink or soft orchid coloring which everyone knows. The flowers are extra large of perfect form, under all conditions; are so placed on extra long stems that they show their beauty to the best advantage. It is a seedling of Mrs. I. de Ver Warner and a counterpart in every way except Masterpiece is an incurved English cactus producing ten-inch flowers in abundance. This has won a certificate at the New Jersey Trial Grounds. Tubers, \$4.00; Plants, \$2.00

CHEMAR'S PURITY. A most perfect white decorative seedling from Jersey's Beauty which it resembles in everything but color. The petals are long and straight, the center excellent, and size immense. Stems extra long and stiff holding flowers high up above a strong sturdy plant. When the flowers first open they show a slight trace of ivory near the center. This gradually changes to a pure white at maturity. Certificate at the A. D. S. Trial Grounds in 1927 and scored eighty-six (86) at the Nebraska Trial Grounds. Tubers, \$3.00; Plants, \$1.50

CHIC. Dec. A beautiful new Dahlia that is in great demand. Color, bright, deep rose, a real live color. A giant hybrid in form. Blooms upright on good stems. One of the best Dahlias that I grow. Tubers, \$4.00; Plants, \$2.00

CIGARETTE. H. C. This Dahlia is best described as creamy white, heavily edged orange, but no two flowers are exactly alike. Tubers, \$0.60

CITY OF EVERETT. Dec. A large yellow on good long stem. Grows eight inches without disbudding. Stock limited as this is a new seedling. A distinct flower of wavy, shaggy petals. Beautiful light yellow, different from the rest. Tubers, \$2.00; Plants, \$1.00

CITY OF LAWRENCE. Dec. This is the best yellow decorative to date. Everyone that visited my garden the past season was more than taken up with size and color of this flower. I had nine flowers at one time on one bush in September. The largest blossom eight inches in diameter. It scored eighty-eight points at Storrs in 1923 and eighty-nine at Hyattsville, Maryland, in 1924. Everyone should grow this flower as no garden is complete without it. Tubers, \$1.50; Plants, \$1.00

CITY OF TRENTON. (Prentice-Dahliadel.) This wonderful new decorative has all the qualifications of a first class exhibition Dahlia. It is impossible to portray the sheen and luster or the brightness in the color. The bush grows strong and robust about 6 feet tall, producing flowers up to 12 inches across with perfectly full centers on long erect stems. A Dahlia that will go beyond your expectation. Dahlia Society of New Jersey Certificate of Merit, 1927. Tubers, \$5.00; Plants, \$2.50

CLANSMAN. Dec. As an exhibition flower, it is very free, carrying six to eight blooms at one time on long stiff stems eight to nine inches. Color a beautiful apricot orange center darkening to a jasper pink. Tubers, \$5.00; Plants, \$2.50

CLARA SEATON. S. Yellow, of a golden bronze shade. A gigantic flower. Tubers, \$0.25

COCHEGAN. Dec. (Brown.) New. This is one of the largest grown. A perfect giant in growth and size of bloom. The blooms are often twelve inches in diameter, four to five inches deep. A deep lemon-yellow without shading. Everybody wanted this. Tubers, \$2.50; Plants, \$1.25

COFFEE CREAM. Dec. Very unusual color, coffee. Tubers, \$0.40

COL. CHARLES A. LINDBERGH. A huge hybrid cactus of a beautiful rose "du Barry" shade, overlaid and suffused with old ivory, shading off to pale gold at center. Reverse of petals light carmine pink. An early and free bloomer. Stems rigid and straight, dark green foliage and good habit of growth. A superb flower that will rank high amongst prize winning Dahlias. Tubers, \$5.00; Plants, \$2.50

COUNTESS OF LONSDALE. C. Salmon red to old rose. Tubers, \$0.25

CRIMSON GIANT. Dec. Richest, glowing red. Tubers, \$0.25

D

D. M. MOORE. Dec. Rich dark velvety maroon, almost black. Very large, free and of good form. Tubers, \$0.30

DORIS CANNEY. (Seal.) A fine new decorative of a rich golden apricot coloring. The blooms are huge and of great depth and are carried on strong stems above a most attractive bush, the foliage of which is exceptional dark green. A great exhibition variety as the flowers are always perfect and large and have excellent keeping qualities, thriving well in hot weather as this Dahlia has been tried out in the East and South and fine reports have been received concerning it. Tubers, \$3.50; Plants, \$1.75

DR. BARNES. H. Dec. This is a heavy petaled Dahlia, growing form seven to eight inches in diameter. Color, a rich turkey red on face of petals, while reverse side is veined with a blending of the red to the yellow. Tubers, \$0.40

DR. TEVIS. Dec. A beautiful shade of soft salmon rose, suffused with old gold, shading to a golden apricot center. Tubers, \$0.40

E

EAGLE ROCK BEAUTY. H. Dec. A more beautiful combination of pink and cream than is displayed in this glorious creation would be difficult to imagine. No picture or description of this giant wonder can do it justice. It's in a class by itself, and unanimously admired by all who have seen it. Every grower who sees this magnificent flower will want it. It is vigorous in growth, with good habit, and strong stems holding perfectly erect the immense blooms which are full to the center, and produced in abundance until frost. Height, four feet. Tubers, \$3.50; Plants, \$1.75

EAGLE ROCK JEWEL. H. C. Cream, overlaid cameo pink. Considered by many as the most beautiful in color of any Dahlia. The large flowers are borne on strong stems; vigorous grower and free bloomer. Tubers, \$7.50; Plants, \$3.75

EARL WILLIAMS. Dec. The flower is immense, form perfect. In color, the base half of the petals are brilliant crimson scarlet, the point half of the petals white. The variation in the flowers is one of its greatest charms. Tubers, \$1.00

EASTERN STAR. Dec. This is a wonderful large heavy, well formed flower; soft shadings of real old gold, on good stems. Tubers, \$1.50

EDITH BERYL. Dec. Won a Certificate of Merit at Storrs Trial Grounds in 1927. While it is rather difficult to do justice to a flower in a written description, we can best describe the color as having all the autumn shades, with undertones of yellow and several tones of pink intermingled. One of the prettiest flowers in the Dahalia kingdom. Well formed, full center, reflexing toward the stem, resembling a monstrous Chrysanthemum. Tubers, \$3.50

EDITH SLOCOMBE. H. C. This Dahlia is finely formed on long wiry stem, of a wonderful shade of rich, purplish, garnet shaded, velvet maroon, a most wonderful striking flower. Tubers, \$0.75

EDNA FERBER. H. C. The new 1927 creation of Fisher & Masson which needs no further credentials, as all their introductions have been Dahlias of beauty. This Dahlia was awarded a Certificate of Merit at the trial garden, 1926. Coloring of this fine variety is very pleasing, salmon shading to gold. A good Dahlia with the best of stems. Tubers, \$3.50; Plants, \$1.75

E. E. HANBURY. Dec. (Harding.) An exceptionally fine exhibition variety, of a pleasing shade of silvered red. Very vigorous grower, immense flowers, held erect on strong, stiff stems. Tubers, \$3.50; Plants, \$1.75

EILEEN FRANCO. H. C. (Mrs. Rilhards.) A good size, but not enormous flower, that is extra fine for cutting, as it is such a free bloomer and good keeper on stiff stems. The color is a clear Hermosa pink, without shadings. Considered by Newport gardeners as one of the loveliest pinks for vase and basket work. Tubers, \$1.00

EL DORADO. Dec. This is one of the finest varieties for garden, exhibition and cutting, on the market. The blossoms are a vivid gold, with deeper tones at the base of the petals. Tubers, \$0.75

EL GRANADA. H. C. Large hybrid cactus variety. Color, orange with yellow reverse. Tubers, \$1.50

ELIZABETH FORD. Dec. A new creation and one of the best on the market today. A very rich raspberry red color, of giant size held on very long stiff stems. Free bloomer. Stock short. Tubers, \$3.00

ELITE GLORY. Dec. The sensation of New York Show in 1924. A monstrous flower of a brilliant rich red. Its blooms and foliage are gigantic in size, yet pleasing and graceful. Winner of numerous prizes, and scoring ninety-two Exhibition at Storrs and recommended for the Gold Medal. A wonderful keeper. Cannot be surpassed for spectacular effect for exhibition or in the garden. Tubers, \$3.00; Plants, \$1.50

ELIZA CLARK BULL. Dec. California's best white, that has made quite a hit on this side of the U. S. A. Medium high and a free bloomer, of good heavy, close built flower, with the best of stem, and one you need in your garden. Tubers, \$2.00

ELKRIDGE. H. C. A most beautiful white hybrid cactus. Strong stem, robust grower, great substance, free continuous bloomer, and one of the best commercial varieties in existence. Prize winner. Tubers, \$1.50

ELLINOR VANDERVEER. Dec. Rose pink. Handsome large flower that grows on two foot stems well above the foliage. Tubers, \$1.00

ELSIE DANIELS. H. C. The color of this wonderful Dahlia is a pale orchid shade on the outer petals, which are long and shaggy; the center white. A nice built flower on good stems. Tubers, \$1.50

EMILY GASS. Dec. (Dr. Gass.) A very large exhibition decorative, which was very much admired for its beauty and size. Color is white with a delicate pink suffusion. The plant is a strong, vigorous grower, attaining a height of seven to eight feet high. Stems three to four feet long, stiff, and hold flowers eight to eleven inches in diameter perfectly erect and in abundance. Tubers, \$5.00; Plants, \$2.50

EMMA MARIE. H. C. A favorite because of its pleasing shade of clear pink with a creamy white center and its combination of exhibition and commercial qualities not found in many Dahlias. A robust grower, producing blooms averaging eight inches in diameter on fine stems. Tubers, \$1.00

EMPIRE. C. The strong vigorous plants are loaded the whole season with blooms of good size and fine formation. Stems are long and straight. Color a beautiful shade of raspberry red which deepens at the center. Very choice. Tubers, \$1.00

ESTHER HUNT. H. C. Bright orange, large and full, very attractive flower on good stems; excellent for exhibition and something odd in color shade. Tubers, \$1.00

E. T. BEDFORD. (Harding.) A fine exhibition flower of a silvery purple. Tubers, \$1.00

ETHEL A. WOLFRUM. H. C. One of the finest Dahlias in my garden this year. A perfect beauty and a wonderful cut flower. Keeps well. The color is a deep thulite pink enhanced by a soft shade of chalcedony yellow. It has a fine stem and flowers average seven inches just right for a good cut flower. Take my advice and don't miss this one. Tubers, \$3.50; Plants, \$1.75

ETHEL M. H. C. (Success.) A very large, beautiful flower. I grew this flower ten inches in diameter this past season without disbudding. Everybody who saw this flower was enthusiastic over it. Should be in every garden. Color, glowing amaranth at the base of the large perfectly quilled petals, shading lighter at tips with white center. Tubers, \$1.00

EUGENIA. H. C. An outstanding fluffy old rose hybrid cactus whose lovely color and gracefully waved and rolled petals commends it to beauty lovers. Blooms are of large size and are carried on excellent stems above a strong growing plant. Was awarded the Garden & Home Builder Achievement Medal at Los Angeles. Tubers, \$3.50

EVA COLE. Dec. A beautiful red and gold Dahlia, one of Mr. Murphy's latest introductions. Flowers extra large and full, splendid stems. An excellent exhibition flower. Also good for cutting. Tubers, \$2.50

F

FAIRHAVEN GOLD. This I believe to be the best hybrid cactus of its color to date. This Dahlia has great depth, as well as large size, and is produced freely on long, stiff stems. A medium, low grower. Color a pure glistening gold, beautiful formation, mentioned in the Garden and Home Builder Dahlia "Roll of Honor," 1927. Stock limited. Tubers, \$5.00; Plants, \$2.50

FAITH GARIBALDI. (Garibaldi-Boston.) Dec. This prize winner is a wonder for color, as the giant blooms are of a deep rose color, shading lighter on the outer petals. The blooms are held aloft on strong stems. Certainly a marvelous Dahlia. Tubers, \$1.50; Plants, \$1.00

FARNCOT. C. This variety received a certificate at Storrs, Conn., Trial Garden in 1924, scoring eighty-six points, and won first prize at the New York Show in 1926. We have never grown any Dahlia that will out-bloom this one. We counted over fifty blooms and buds showing color on one plant last season and they will keep for days and days after cutting. The color is aster purple, with a majority of the blossoms tipped white. The stems are perfect with flower carried on top. Stock limited. Tubers, \$1.50; Plants, \$1.00

FIRE CHIEF. Dec. This is the best scarlet Dahlia that I have seen. Flowering habit profuse. Flowers average large without disbudding. Stiff stems. Tubers, \$5.00; Plants, \$2.50

FLAMING METEOR. Dec. A bright flaming red flower with rather narrow long petals, an immense bloomer, very popular as a cut flower. Something new. Tubers, \$2.50; Plants, \$1.25

FORDHOOK CRAWFISH. (Burpee.) Rich deep pink, the center petals flushed white, shaded yellow at the base. Free flowering; of good form and long stemmed. Awarded Certificate of Merit, American Dahlia Society. Tubers, \$2.00; Plants, \$1.00

FORDHOOK ERECTA. This outstanding Burpee novelty produces strong upright plants, bearing a profusion of well-rounded, fully double blooms—bright Amaranth pink, shading lighter toward the base of the petals. Awarded Certificate of Merit. Tubers, \$2.00

FORDHOOK GOLD CREST. (Burpee.) Considered an outstanding decorative for the year. A spectacular autumn tint combining shades of yellow, salmon pink, and rose. Perfect flowers are held erect above all the foliage. Fine for cutting, garden or exhibition. Dahlia Show of New Jersey Certificate of Merit, 1927. Tubers, \$2.50; Plants, \$1.25

FORDHOOK GOLDBLOCKS. Dec. Rich old gold, the ends of each petal being tipped with white; occasionally the flower comes in a solid old gold color. Of good size, heavy, and carried on long stems. Grows three feet tall and blooms most profusely. Tubers, \$2.50; Plants, \$1.25

FORDHOOK PEARL. (Burpee.) This artistic hybrid cactus is an early, free, and continuous bloomer, holding a full center through the season. Outer petals are straight while the center petals twist gracefully. A clear primrose yellow shading to a deep creamy white at the tips. Stems are long, bush three and one half feet tall. Dahlia Show of New Jersey Certificate of Merit.

Tubers, \$2.00; Plants, \$1.00

FORDHOOK VICTORY. Giant flowers, well formed, and carried on strong sturdy stems. The color is a rich shade of tyrian rose. The petals are well placed and of substantial texture.

Tubers, \$2.00; Plants, \$1.00

FORT MONMOUTH. (Kemp.) One of the giants of the Dahlia world. The predominating color is a rich crimson maroon, with shading of blueish violet at tips of petals. The flowers are well formed of true hybrid cactus type, of immense size, frequently attaining to full thirteen inches in diameter, and are borne on long stiff stems high above the foliage, and look you right in the face. Does not burn, and is a splendid keeper, both on the plant and when cut. Very prolific bloomer, from early to late, and is no uncommon thing to see as many as five or six immense blooms on a plant at a time. Plants are a strong, vigorous grower, attaining to a height of seven to eight feet. Foliage dark green, healthy, and has been immune to attacks of leaf hoppers. Winner in the class for the largest Dahlia in diameter, at the 1927 Trenton, New Jersey, Show.

Tubers, \$7.50; Plants, \$3.75

FORT WASHINGTON. Dec. Here is a Dahlia that can and has won many prizes of the largest in the show. Very seldom less than ten inches without forcing. The larger flowers are held perfectly erect on long cane stiff stems. Winner of many prizes in all classes for decoratives. Has size, refinement, a free bloomer, and the color is a most charming deep maroon. We guarantee this Dahlia to make good anywhere. It will win for you.

Tubers, \$3.00; Plants, \$1.50

FRANCES LAROCO. Dec. A very fine 1925 introduction. Flowers are large held erect on long stiff stems. Color pale yellow. A prize winner of great merit. Stock limited.

Tubers, \$2.00; Plants, \$1.00

FRANCESS MINTON. Dec. One of the best if not the best yellow to date. Wonderful foliage on perfect stems, size averages eight inches and very deep. A lemon yellow distinct from most yellows. Stock very short. Good Dahlia critics pronounce this a winner.

Tubers, \$7.50; Plants, \$3.75

FRANK GALVIN. Dec. Color a rich deep lavender; does not fade. Size ten inches, depth five inches. Free flowering.

Tubers, \$2.00; Plants, \$1.00

F. T. D. Named in honor of the Florist's Telegraph Delivery. Large exhibition decorative. A sport of Trentonian and manifesting the latter's good habit of growth. Tall and free flowering. Color, a rich Tyrian rose. Dark green foliage, long rigid, upright stems, exceptionally free flowering and a good keeper. We predict that this new variety will win all the hearts of those who see it, either in the field or on the exhibition table, on account of its unique coloring.

Tubers, \$2.00; Plants, \$1.00

G

GALLI-CURCI. (Lyndora Gardens.) Beauty, and no other word, can describe this curly petalled decorative. A flower of extreme grace and charm and one of the most beautiful of color combinations, brilliant salmon orange, intensified with gold tints, and the most sheen and lustre ever seen on a Dahlia. A sensation; it won undisseminated seedling prize at Camden in a hot class and first at Philadelphia, both in 1926 and 1927 for best established seedling.

Tubers, \$7.50; Plants, \$3.75

GARDEN GLOW. H. C. Orange-red and chrome-yellow. A wonderful variety.

Tubers, \$1.00

- GAY PAREE.** C. Golden bronze, suffused red. Very fine; upright.
Tubers, \$0.60
- GEE WHIZ.** H. C. This is a strong, vigorous grower, a free bloomer, soft buff shaded with salmon, immense size and fine form.
Tubers, \$0.60
- GEISHA.** H. C. The most striking color combination, golden yellow, changing to bright scarlet at the center of petal and back to gold at tip. Giant flowers on long wiry stems.
Tubers, \$0.35
- GENERAL MILES.** H. S. An enormous flower. Color, light violet, striped and spotted with purplish magenta. One of the finest exhibition varieties.
Tubers, \$0.30
- GEORGE AEUGLE.** Dec. Tall vigorous plant with light green foliage, large flowers very full and deep held on the best of stem. Color a rich wax yellow suffused on the reverse dragons blood red. A good keeper.
Tubers, \$2.00; Plants, \$1.00
- GEORGE WALTER.** H. C. One of the largest Dahlias ever introduced. Very free flowering. A pleasing shade of salmon pink shading to yellow at base.
Tubers, \$0.50
- G. H. CARR.** Dec. A wonderful garden and exhibition variety. Color, deep purple, sometimes tipped with white. Flowers large and of good substance.
Tubers, \$0.30
- GLADYS BATES.** C. A huge cut flower of perfect form with incurved petals. Color, tan with rose reverse. A Dahlia of real merit.
Tubers, \$0.75
- GLADYS SHERWOOD.** H. A pure white beauty, with good stems.
Tubers, \$0.50
- GLORIEUX.** Dec. This is a flower of attractive beauty. Yellow, deepening to bronze in the center; petals sometimes tipped with white. Fine stems. The large flowers and foliage of an olive green form a beautiful plant. Tubers, \$0.50
- GLORY OF MONMOUTH.** Rich cosine pink color, shading deeper at center, base of each petal almost a pure salmon orange; long stems, and profuse bloomer. Grows five feet tall.
Tubers, \$2.00; Plants, \$1.00
- GLORY OF NEW HAVEN.** Dec. Large blooms of pinkish mauve. A seedling of the well known Mildred Slocombe, sturdy grower. Good for exhibition.
Tubers, \$0.50
- GOLDEN DREAM.** (Reed.) We grew this wonderful decorative in our gardens last year and judging from the comments of our visitors it was one of the best "Golds" in our trial gardens. The extra large blooms are held high above strong growing plants. Won two certificates in the official trial grounds. First prize at Boston and Mitchell, Neb. Ten-inch flowers are produced in abundance all season.
Tubers, \$5.00; Plants, \$2.50
- GRACE ALLEN FAY.** Dec. This variety is fine for cutting. Flowers large and full on good stems. Color, rosy crimson, shading darker at center.
Tubers, \$0.50
- GRACE SHERMAN.** Dec. A new creation of much merit. Delicate pink, shading to cream, with light orange in center. Large and full on good stems. One of Meachen & Sherman's sensations. While they last. Tubers, \$1.00
- GRENADIER.** Dec. A purplish maroon and silver reverse flower that is somewhat unique; held aloft on good long stems. A Dahlia that will improve your garden.
Tubers, \$1.00

- GOLDEN EMBLEM.** Dec. One of the finest, largest, purest, deep rich golden yellow Dahlias in existence. A clear golden yellow without shading or trace of any other color. Huge flowers, nine to ten inches. Tubers, \$2.00
- GOLDEN OCHRE.** Peo. (Roach.) This Dahlia gets its name from its color, and is one of the very best in the peony class. Also won first prize at the Mitchell, Nebraska, Show the past season for the best and most perfect Dahlia in the peony class. I have grown this Dahlia eleven inches with very little care. Color is golden ochre with salmon reverse. Tubers, \$3.50; Plants, \$1.75
- GOLD ORE.** Dec. A new seedling just out and one that will be very popular in years to come. A large gold colored flower with darker shadings. Has a good stem and is good bloomer. Tubers, \$5.00; Plants, \$2.50
- GOLDEN WEST.** H. S. Large and distinct; high full center, with petals notched at tips. Color, a clear primrose yellow. Tubers, \$0.25
- GORGEOUS.** Peo. The color is yellow, shading to bright scarlet. With scarcely any disbudding it will produce ten-inch flowers on stems five feet long. Plant grows very tall. Tubers, \$0.50
- GOVERNOR A. HARRY MOORE.** Dec. A decorative of exceptional merit. The color is yellow with a slight shade of buff on outer petals. The bushes are covered with extra large flowers all season. Tubers, \$2.00
- GOVERNOR TRUMBULL.** Dec. A strong growing plant with large full flowers carried on long stems way above the foliage. Color is pink, faintly tinged mauve. Stock limited. Tubers, \$2.00

H

- HALLOWEEN.** Dec. (Broomall.) This strong growing variety produces an abundance of large blooms on rigid stems. Color, buff yellow shaded orange, similar to King of the Autumn but much larger. Tubers, \$0.50
- HARLAN.** Dec. Extra large yellow. Fine plant and good stems on the Estelle Christy type; much better. Tubers, \$1.00
- HARRY MAYER.** Dec. Pale rosaline purple, reverse of petals veined with a deeper shade. Blooms are a fine formation, held erect on stiff stems. Tubers, \$2.00; Plants, \$1.00
- HARRY SHELDON, JR.** Dec. Tom Murphy's new sensational seedling Dahlia, a pink and white decorative of enormous size and great depth; a wonderful exhibition flower. Tubers, \$1.50
- HATHOR.** (Seal.) (1927 Introduction.) A Dahlia of vivid Oriental colorings, and all the lure of far off places, fascinating in its complete novelty. Hathor was the Egyptian Goddess of Love, Mirth and Social Joy, and this Dahlia fittingly symbolizes these qualities. The predominating color is flame—not red, but verging on deep crimson, orange, and all those colors seen in glowing embers. The formation is always perfect and the stem exceptionally fine and stiff, so the large bloom looks one squarely in the face. Hathor has won first prize. Tubers, \$2.00; Plants, \$1.00
- HELEN KELLER.** Peo. This is one of the finest pink peony Dahlias grown. Its size is immense and on good stems, being a free bloomer. Tubers, \$0.50
- HELVELLA.** In this we have a charming rose pink Dahlia. The huge blossoms are held erect on strong, upright stems well above the foliage. This Dahlia should be planted in every garden. Tubers, \$0.90

- HENRY FORD.** Dec. A deep red flower, large, eight inches in diameter, good stem. Tubers, \$1.00
- HIS MAJESTY.** Dec. Bright scarlet, and one of our latest new reds that hit well last season. Extra large flowers with good stems. Tubers, \$1.00
- HORTULANUS FIET.** Dec. A colossal flowered variety with blooms over eight inches in diameter, of the most delicate shade of shrimp pink, the tip of each petal barely touched with gold. The entire flower has a suffusion of delicate tints of red and yellow, which give a glow, yet softness of color difficult to describe. Tubers, \$0.40

I

- IAN.** C. This Dahlia has great form, perfectly incurved. It is like a giant English cactus, but petals are much coarser. A beautiful clear yellow gradually shading pink on the outer rows of petals. It has a good long stem holding the flower well up. Blooms freely and sometimes comes tipped white. Tubers, \$2.00
- IDA PERKINS.** Dec. (Perkins.) This clear white decorative won the Garden and Home Builder medal at Boston for the best New England Dahlia ever before shown at Boston, 1927. A true decorative with very great substance. Tubers, \$4.00; Plants, \$2.00
- INKYO.** H. C. This variety will appeal to those who like a dark one. The color is such a deep maroon, that in contrast with the lighter shades in the garden the effect is black, a vigorous, tall grower early to late. Good keeper. Tubers, \$1.00
- INSULINDE.** H. Dec. One of finest and most artistic Dahlias of distinct form with petals twisted and curled. Stems are two or three feet long and flowers nine to ten inches across. Color, a rich saffron yellow shaded russet orange. Tubers, \$0.50
- IONA.** Dec. A very fine Dahlia. The large blooms are carried aloft on strong stems. Color, a deep yellow tipped with red. A real beauty. Tubers, \$1.00
- ISLAM PATROL.** H. C. Very dark velvet, scarlet tipped heavily with yellow. Well recommended. Tubers, \$1.00

J

- JACK-O-LANTERN.** Dec. Spanish red, tipped gold. We think it the very best of the color. Best of stock, good bloomer, nice growing plants. Tubers, \$2.50; Plants, \$1.25
- JANE COWL.** Dec. (Downs. Prices.) Deep massive blooms of bronzy buff and old gold, blending darker toward the perfect center. Broad petals, with just enough twist to add the refinement so often lacking in the largest dahlias. A stem of unusual strength holds this giant decorative over a bush of ideal growth, while the foliage is the thick leathery kind that insects seldom bother. Miss Jane Cowl selected this variety at the A. D. S. Exhibition at New York to bear her name. Also awarded first prize for undisseminated seedling and the Garden and Home Builder sweepstake medals at New York. Awarded Certificate of Merit at Storrs Trial Gardens, 1927. Tubers, \$6.00; Plants, \$3.00
- JEAN HARE.** (Fisher & Masson.) A distinctive exhibition hybrid cactus of peculiar formation and unusual charm. When flower first unfolds it is a beautiful golden yellow, as it matures it becomes an apricot buff and the outer row of petals a golden bronze. A flower that attracted unusual attention both in the field and at the shows. One of the most attractive autumn colored Dahlia on account of its size and great beauty. Free bloomer, medium to tall habit of growth, perfectly stiff upright stem and heavy dark green foliage. Tubers, \$5.00; Plants, \$2.50

JEAN M. MISSUD. H. C. (Roach.) It gives me great pleasure to name this Dahlia for one of our greatest musical conductors, known the world over, who is entering his fiftieth year as conductor of the Salem Cadet Band, which he has made famous. This Dahlia will not grow as large as some varieties, but its beauty more than makes up for its size. It is a very robust growing plant and has stems that can be cut three feet long if wanted. The color is hard to describe as it has four colors. As the flower opens it shows a rich yellow with white tip, but as the flower matures it changes to yellow center shading to pink with white tip, reversed of petals shows streaks of salmon and white tip.
Tubers, \$5.00; Plants, \$2.50

JERSEY'S BEACON. Dec. New shade of red called Chinese scarlet. Flowers are extra large on the best of stems. To me Waite's best. It showed all kinds of class in 1925.
Tubers, \$0.75

JERSEY'S BEAUTY. Dec. Very fine true pink. Flowers large and of perfect shape, produced on long, straight, stiff stems. Very free bloomer and a splendid keeper. Certificate American Dahlia Society, 1923.
Tubers, \$0.75 net

JERSEY'S CAPRICE. Dec. A very odd autumn shade with fine stems holding flowers high and proud. Flower large and of good formation.
Tubers, \$3.00

JERSEY'S EMPRESS. Dec. Very large flower with a pleasing narrow wavy petal. Color, a new odd violet shade. Flowers are deep and don't burn.
Tubers, \$1.50

JERSEY'S FIANCEE. (Waite.) This good sized flower is rose pink with the point of each floret slightly tipped gold, on erect stems. This variety proved very satisfactory for us last season. Awarded A. D. S. Certificate, 1925.
Tubers, \$1.50

JERSEY'S IDEAL. The color of this variety is best described as a lavender pink, although sometimes it is nearer lavender. The flowers are usually borne face up on the stem and the petals drooping gracefully down make a very deep and massive bloom. It is a vigorous grower, a very free bloomer and has an ideal stem.
Tubers, \$1.50

JERSEY'S JEWEL. Dec. In this flower we have a very nice shade of mellow pink. A large long-petaled flower, full of class and beauty.
Tubers, \$1.50; Plants, \$1.00

JERSEY'S KING. Dec. Color, Begonia rose. Much admired in the fields. A model flower in all respects. A good bloomer and erect on good stems.
Tubers, \$0.60

JERSEY'S MAMMOTH. H. C. A monster. Winner in largest bloom class at New York. A rich golden mahogany.
Tubers, \$1.00

JERSEY'S MONARCH. Dec. A large deep blossom of deep salmon, with yellow base. Fine stem.
Tubers, \$2.00

JERSEY'S OLYMPUS. Dec. (Waite.) The color is a combination of Sofrano, Venetian and flesh pink with a gold suffusion when fully opened. Good stems and habit of growth.
Tubers, \$3.50; Plants, \$1.75

JERSEY'S PRIDE. Dec. A seedling between King of Autumn and George Walters, possessing the good qualities of both, a splendid grower and a very free bloomer. The large flowers which are a fine blending of yellow, amber and pink are borne on long straight stems, well above the foliage. It is a splendid cut flower, a good exhibition variety, and a most attractive garden plant. Certificated A. D. S. 1921, also highest awards California Trial Grounds, 1922.
Tubers, \$0.75

JERSEY'S SOVEREIGN. Dec. Another grand Dahlia of a new and lovely color, salmon orange. Good size, best of stems, very profuse. Tubers, \$1.00

JERSEY'S SWEETHEART. (Waite.) Dec. A dainty attractive variety for cutting. Delice pink shading to white in the center. Flowers produced in great quantities with a slender, stiff stem. Certificate 1926. Tubers, \$1.50

JERSEY'S WONDER. Dec. New. This new autumn shade creation of Mr. Waite's is a large bloom, good stems. Tubers, \$3.50; Plants, \$1.75

JIM GEORGE. Dec. The best red I have seen yet. A dark garnet velvet seedling of Mr. Murphy's. No garden is complete without this wonderful flower. Grows eight inches without disbudding and has fine stem. Tubers, \$1.50

JOHN LEWIS CHILDS. Dec. A good fancy Dahlia of California introduction. The blooms are large and well formed; in color, a yellow, striped and splashed with bright red. The flower will often be red with white tips and sometimes clear red. Free blooming and has good stems. Tubers, \$0.50

JOVE. Dec. (Ballay.) A beautiful bronze pink flower. Is large and of good substance, held erect on strong stems. Tubers, \$3.50; Plants, \$1.75

JOY D. A clear silvery lavender with a trace of white. Grows tall and has beautiful fern-like leaves. Flowers never show center. Tubers, \$5.00; Plants, \$2.50

JUDGE ALTON B. PARKER. Dec. Golden buff. Tubers, \$0.30

JUDGE MAREAN. (Marean.) Dec. A very large flower of perfect decorative shape. The colors changing as the flowers pass through different stages of development are a combination of glowing salmon-pink, red, iridescent orange, yellow and gold, all blending most harmoniously; it is an early and continuous bloomer on long perfect stems. Tubers, \$0.75

JUDGE SHINN. (Kemp.) One of the best hybrid decoratives, and an outstanding variety at the Eastern Show this season, winning silver medal at Atlantic City for the best unnamed seedling. A large artistic Dahlia of great depth. Color a pleasing combination of gold and salmon, gold predominating at the center and salmon in the outer petals. The plant is a tall vigorous grower. This Dahlia was named for the Hon. C. C. Shinn of Atlantic City. Tubers, \$7.50; Plants, \$3.75

JUNIOR. Dec. An enormous flower of pure lavender. This huge blossom is a seedling of The Millionaire, but has greater width, if not as full. A useful Dahlia in competition in the "Largest Dahlia" Class. Tubers, \$0.30 net

JUPITER. Dec. (Mrs. Richards.) Very large blooms of lemon yellow, reverse of opening petals Jasper red, giving whole flower a deeper yellow tone. Plants are strong and healthy, of medium height producing four to six big flowers at a time, on long heavy stems. Tubers, \$1.00

JUELIANOR. H. C. One of the best blood red Dahlias, tipped with white. It has very large blooms. Tubers, \$1.00

J. W. DAVIES. Dec. A wonderful 1921 introduction, a blossom which was entered last fall in all the winning collections of decoratives, a huge, massive flower with a splendid strong stem. The coloring is unusual, deep cerise at the base, shading lighter towards the tips of the petals. Tubers, \$1.00

K

KALIF. H. C. This is a giant flowering variety. A truly majestic flower, frequently eight or nine inches in diameter of perfect cactus form. The color is pure scarlet. Tubers, \$0.40

KEMP'S VIOLET WONDER. (Kemp.) The predominating color of this fine decorative Dahlia is naphthaline violet, with an undertone of royal purple, lightening to faint bluish violet at the tips of petals. Deep flowers are as near perfect in form as possible, growing ten inches and over in diameter. Stems are stiff, holding flowers a foot above the foliage. A truly outstanding variety keeping well when cut. Plant is a prolific bloomer, strong grower of spreading habit not susceptible to sucking insects. Awarded Dahlia Society of New Jersey Certificate, A. D. S. Gold Medal Ribbon at New York in 1927.

Tubers, \$7.50; Plants, \$3.75

KING OF SHOWS. S. This is the largest yellow show Dahlia to date. It is grown on excellent stems, a very free bloomer.

Tubers, \$0.75

KING SOL. Dec. Large yellow, very fine, good stem.

Tubers, \$0.50

KING SOLOMON. H. C. Beautiful orange buff. Fine stem.

Tubers, \$1.00

KING TUT. Dec. (Seal.) An extra large blossom of rich dark velvety, glowing crimson burgundy, of fine formation, long stems, wonderful cut flowers.

Tubers, \$2.00; Plants, \$1.00

KITTIE DUNLAP. Dec. It is not only a beauty, but has every characteristic which endears it to a Dahlia grower. Blooms freely all season, has excellent keeping qualities; long, firm stems, immense size, and great substance. If this Dahlia did not have all these admirable qualities the coloring would make it popular as it is of the delightful shade of the American Beauty Rose.

Tubers, \$0.60

KOHINOOR. H. C. Very dark maroon, perfect type of hybrid cactus, extra large in size, with the very best of stems.

Tubers, \$1.00

L

LADY HELEN. C. A very striking pinkish-red with suffusions of creamy-white running through it. Long stems and well formed blooms.

Tubers, \$0.75

LA GOLONDRINA. H. D. Silvery white shaded phlox purple, the general effect being a light lavender, very large flowers of distinct and pleasing shape, held well above the foliage on good stems. Height four feet.

Tubers, \$5.00; Plants, \$2.50

LAKE ERIE. Dec. The largest deep lavender decorative grown.

Tubers, \$0.25

LA RODA. Dec. Silvery rose pink. Large well formed flowers held erect on strong stem. One of the best.

Tubers, \$7.50; Plants, \$3.75

LAURINE, C. (Broomall.) An immense cactus Dahlia. It has fine stems and good habit throughout. Flowers are very large and perfect in their formation. Deep rich pink. A fine variety.

Tubers, \$0.75

LAVENDULA. Dec. I consider this to be the best large flowered lavender Dahlia I have seen. The color is a pleasing shade of lavender throughout. It is a strong grower with fine stems and habit, and was universally admired by all who saw it in bloom. Height five feet.

Tubers, \$2.50

LE GRAND MANITOU. Dec. (Charmet.) White, artistically striped, splashed and blotched a rich violet purple.

Tubers, \$0.30

LESLIE. Dec. A snappy red and one that gets the public. Different than most reds. A profuse bloomer with good foliage and stem. If there were not so many reds this flower would demand a much higher price.

Tubers, \$3.50; Plants, \$1.75

LIBERTY BOND. Dec. A blending of buff, bronze and salmon.

Tubers, \$0.30

LILLIAN HART. Dec. (Harding.) A perfect giant of a flower with a ramrod stem. The only way to describe it is to say "It's an old rose."

Tubers, \$1.00

LOGAN'S WHITE. Dec. A most excellent pure snow white. Tubers, \$1.00

LOTUS. Dec. The color is flame or lively orange. Tubers, \$0.50

LUCKY STRIKE (New 1927). A very large pure white hybrid cactus with exceptionally long stiff stems. The plant is a tall and vigorous grower and flowers are held high above the foliage. Flowers of twelve inches in diameter are common. It is a very attractive Dahlia, and fine for exhibition purposes.
Tubers, \$2.50

M

MABEL SNYDER. (Dec.) This variety has a very pleasing appearance and will captivate you at once. The strong, tall plants are covered with very large flowers, composed of broad pointed petals reminding one of a pond lily. The stems are long, straight and wiry, holding the blooms which are of a beautiful formation in a graceful manner. The color a soft shade of strontian yellow, outer petals overlaid soft vinaceous orange slightly colored on the reverse pale rosane purple. Fine for exhibition.
Tubers, \$2.00

MAH JONG. H. C. So named on account of its vivid oriental coloring which is a lively shade scarlet red shading to a pale yellow at the base of each petal, good stem and a large flower and keeps well. Tubers, \$2.50; Plants, \$1.25

MAHOGANY. C. A rich dark velvet red flower, with long narrow petals, stems very stiff, free bloomer. Tubers, \$1.00

MAID OF THE MIST. (Slocombe.) A most wonderful color of deep cream shading into a beautiful salmon pink. Tubers, \$1.00

MAMMOTH. C. This is one of the best foreign cactus, color purplish crimson relieved by lighter tips. Tubers, \$1.50

MARGARET KNIGHT. Dec. A very beautiful combination of red and white with a faint gold tip, good stem and fine foliage, something new.
Tubers, \$3.50; Plants, \$1.75

MARGARET M. Dec. A very attractive new pink with very fine long stiff stem with the best of foliage and a good bloomer. Flowers are seven to eight inches in diameter. Tubers, \$7.50; Plants, \$3.75

MARGARET MASSON. Dec. A great silvery rose-pink, full of class in size, stem construction and color. It is one of the best Dahlias I had the pleasure of growing last season. It has all the good habits, and you make a mistake if you don't grow it. Tubers, \$1.00

MARGARET STARK. Amer. C. A very beautiful pink of unusual merit, great type and form full centers with the best of stem. A good keeper and very large. Tubers, \$3.00; Plants, \$1.50

MARGARET WOODROW WILSON. (F. & M.) A large decorative Dahlia having broad petals well placed, terminating in points, making a very thick flower. Color, opalescent pink (meaning the reverse of petals are so colored as to reflect a pink tone to the whole flower). Flowers held well out of dark green foliage on perfect stems. Medium height plant. Awarded Certificate of Merit by Dahlia Society of New Jersey, 1925. Tubers, \$1.50

MARION GEORGE. H. C. A new tricolor of white, bronze and yellow very attractive. I grew this last year and it is well worth growing. A novelty on the best of stems making a fine cut flower. Blooms are six and seven inches without forcing. Tubers, \$5.00; Plants, \$2.50

MARJORIE LEIGH. Dec. A dandy flower of the softest shade of jasper pink tinted throughout pinkish buff with a reflex of rich begonia rose. It is large, fine in form, stems are long, straight and stiff. Tubers, \$1.50

MARMION. Dec. Lovely tone of soft golden yellow with slight bronze suffusion on the reverse. Good stems, sturdy plants, and too big to be planted with other varieties. Tubers, \$2.00; Plants, \$1.00

MARY CURTIN. Dec. Peo. This is one of the richest colored flowers we have in our garden. Color, crimson, white tip. Tubers, \$1.00

MASSACHUSETTS. Dec. The largest Dahlia grown at Storrs, Conn., Trial Gardens, 1922, and at the Dahlia Society of California Trial Gardens, 1923, winning a Certificate of Merit at each trial garden. Color, Amaranth-purple, center of petals pansy purple, outer petals Syrian rose. Flowering habit excellent, size immense, will grow nine inches without disbudding. Good stems. Tubers, \$1.00

MAY TROWER. (Seal.) We cannot find words to paint a picture of this wonderful Dahlia, in the minds of those that admire the beautiful coloring found in this creation of Mrs. Seal's. The coloring saves it from becoming just another huge Dahlia, azure gold tinted with mauve in such a way that it leaves a lasting impression. The stems are exceptionally long and stiff. A wonderful exhibition variety. Tubers, \$5.00; Plants, \$2.50

MEPHISTOPHELES. Dec. This is probably the finest Dahlia of its class that has ever been introduced. The flowers which are very large and of fine form are a vivid scarlet. Tubers, \$0.50

M. F. HEAPY. Dec. A very beautiful royal purple maroon. Fine cut flower with good stem and good keeper. Tubers, \$1.00

MILLIONAIRE. (Stillman.) Dec. Delicate lavender pink, shading to white. Very large flowers. Tubers, \$0.40

MIRAFLORA. C. White, tinted violet pink. The petals are long, straight and rather narrow. This variety might almost be called a giant. Flowers eight to ten inches in diameter are borne profusely on first class stems. Tubers, \$1.50

MISS BRIDGETON. Dec. A plant that grows tall and strong, bearing large flowers in great abundance on long straight stems. Color is a beautiful light pink. Tubers, \$1.00

MISS CALIFORNIA. Dec. A large perfectly formed bloom of that new, attractive shade known as oriental fuchsia, a peculiar deep lavender color. Has unusually long, stiff stems which hold the flowers high above the foliage. It is an excellent keeper when cut. Tubers, \$1.00

MISS CAPE ANN. H. C. A snow white Dahlia with large serrated or forked petals, large blooms held high above the foliage on stiff stems. This Dahlia won a certificate of Horticulture from the Manchester Horticultural Society in 1927. A beautiful white Dahlia that has all good habits, even to a great bulb producer. Tubers, \$3.00; Plants, \$1.50

MISS FAIRHAVEN. Dec. It will be hard to get a better combination of colors than is produced in this large fluffy decorative. Color a beautiful shade of pink with the petals veined and streaked creamy white, the base of the petals yellow. Plants are strong and vigorous and blooms freely on long stiff stems. Tubers, \$2.50; Plants, \$1.25

MOLLY MACK. A very brilliant spectrum red decorative. Stems are faultless. The best pure spectrum red in every way that we have seen. The color does not sun fade. Tubers, \$3.50

MORDELLA. Dec. A beautiful bright clear shade of apricot buff, well held above the foliage on strong stems. Tubers, \$1.00

MR. CROWLEY. Dec. The exquisite color of this Dahlia is most remarkable, being the brightest, most glowing shade of salmon-pink; the base of the petals is yellow; a flower that attracts immediate attention. Tubers, \$0.50

MRS. ALFRED I. DUPONT. One of the most satisfactory Dahlias. The flowers are perfect giants in size, deep centered, and bloom in the greatest profusion the whole season long. Color, bright ruby red, deeper at center. Tubers, \$0.75

MRS. CARL SALBACH. (Salbach.) Dec. Beautiful mauve pink, shading to white at center. Flowers are large and fine for exhibition. Tubers, \$0.40

MRS. CHARLES SMITHERS. Dec. A large bloom which is very useful for exhibition. Color is magenta with suffusions of white. Tubers, \$0.75

MRS. CHAS. W. REDDING. Dec. A truly wonderful new creation, very large on good stems, good bloomer. Color, gold with lighter shading, suffused and tipped rose carmine, must be seen to be appreciated. Great exhibition and cut flower. Stock short. Tubers, \$2.00

MRS. EDWARDS. H. C. Of fine type, held on strong, straight stems. Color, orchid. Vigorous grower and a free bloomer. A-1 in all ways. Tubers, \$1.50; Plants, \$1.00

MRS. EDWARD TAYLOR. Dec. One of the best of last season's new creations. Color, a wonderful cerise, magenta shades. Giant flowers on perfect stems. Tubers, \$2.00

MRS. ELEANOR MARTIN. Dec. Deep mulberry and rose Dahlia that blooms in the limelight always, and it is a shame to sell it so cheap. Tubers, \$1.50; Plants, \$1.00

MRS. E. P. JUDD. Dec. (Wiegand.) Large flowers on good stems, very much admired, beautiful rose color shaded carmine and cream. If you want the largest get this one. Tubers, \$1.00

MRS. ESTELLE LAWTON LINDSEY. Dec. Scarlet and gold. Tubers, \$0.50

MRS. ETHEL F. T. SMITH. H. C. Creamy white shading to a lemon tint in the center. One of the largest Dahlia I have grown. Tubers, \$0.25 net.

MRS. FRANCIS BULLARD. Peo. Beautiful light pink, flowers of immense size, and borne on rather short but strong stems in the greatest profusion. The blooms are very deep and full for a peony. Tubers, \$1.50

MRS. GEO. A. SEXTON OF HAV-A-LOOK. Dec. Peo. Purplish plum maroon combination on good stems, very large and showy; petals twist nice, making the flower deep and shaggy. One you should add to your collection. Tubers, \$1.00

MRS. GEORGE E. BEMISTER. Dec. Very beautiful flesh pink. Tubers, \$0.75

MRS. IDA L. DANFORTH. H. C. (Roach.) Another very fine Dahlia that will be sure to please. Plants have best of habits and grows very bushy. Will produce large blooms if disbudded. Color is a beautiful shade of cerise. Reverse is sort of silver. Blooms early and freely with good stems. Tubers, \$5.00; Plants, \$2.50

MRS. I. DE VER WARNER. One of the best of decorative Dahlias. In color, a deep mauve pink. Stems long and stiff, making it an excellent variety for cutting. Tubers, \$0.40

MRS. JOHN BRAY. Peo. Dec. A most distinctive fancy peony of a white ground, speckled, striped and splashed with maroon, forming a good contrast to the yellow disc; very large and good stem. Tubers, \$0.75

MRS. JOHN K. ALLEN. Dec. A new creation of great merit. Flowers are large and attractive; petals are long, narrow and semi-quilled, with a slight twist toward outer edge. Coloring is a two tone effect, a light cardinal red, with a buff yellow reverse. Extra fine keeping qualities, stems strong, holding the flower erect. Blooms very early with bushes laden with flowers throughout the season. Tubers, \$1.00

MRS. JOHN L. GARDNER. (Fisher & Masson.) Very striking Dahlia of a blood red, evenly tipped white, very beautiful, of large size on long stems. Tubers, \$1.50

MRS. ROSE K. DARNELL. Dec. The large flowers which are very deep and of perfect formation are of true decorative type; have at all times thick full centers. The stems are extra long, long and stiff, holding the blooms very erect, which grow above the foliage on a sturdy bush of medium height very free and open. The plant is an easy grower and a profuse bloomer. Color a rich luminous old rose; tinted throughout on the reverse a soft tourmaline pink. A perfect Dahlia in every way. Tubers, \$2.50

MRS. S. B. AFFERSON. H. S. A wonderful flower. A rich, dark purple, measuring seven inches in diameter with a good stem. Tubers, \$0.50

MRS. SHIRLEY SHAW. Dec. Ox blood red shaded maroon, this magnificent flower sometimes has a tendency to come with crooked stems, but notwithstanding this fact was more universally admired than any Dahlia in our gardens. The wonderful dark rich color and immense size capture everyone. Height five feet. Tubers, \$7.50; Plants, \$3.75

MRS. W. d'ARCY RYAN. Dec. (Boston.) Large regularly formed flowers held proudly erect on perfectly stiff stems. Color, clear rich copper, sometimes shading to old gold. Tubers, \$0.60

MRS. W. E. ESTES. H. C. We recommend this as probably the best all-round white Dahlia for any purpose and any place. The huge fluffy blooms are borne aloft on long, stiff stems in great profusion and never burn in the sun. Tubers, \$0.30

MYRA VALENTINE. Dec. Large golden bronze flowers on stems three feet long which carries the blooms well up and out of the foliage. A grand cut flower and exhibition variety. Tubers, \$1.00

MY MARYLAND. H. C. (Downs.) A beautiful hybrid-cactus of unusually delicate pink with the faintest suggestion of lavender. The petals twist in an attractive manner. The flower is large, carried on an excellent stem, plant tall and vigorous with thick foliage. Awarded first prize in the undisseeded seedling class at the Atlantic City Show 1927, where it also won the Garden and Home*Builder achievement medal. Also, first prize at A. D. S. Show in New York 1927 for the best undisseeded hybrid cactus. Certificate of Merit A. D. S. at Storrs 1927. Tubers, \$7.50; Plants, \$3.75

N

NAGEL'S ROEM. C. One of Mr. Nagel's striking varieties and a grand flower. A beautiful bronze colored yellow flower of the true cactus class. Created a big sensation at 1926 New York Show. It has the best of stem and is a good bloomer. Stock scarce. Tubers, \$1.50; Plants, \$1.00

NANAQUAKET. Dec. (Mrs. Richards.) An immense bloom of extraordinary beauty. The color is a most beautiful shade of delicate orchid pink, each petal bordered with a hair line of deeper color. Petals are deep and broad with fine placement. Plants in our stock garden are covered with eight to nine inch blooms, and slight disbudding will bring the size up to ten or twelve inches. Stems are fine for so large a flower and it is a profuse bloomer. Height four to five feet.
Tubers, \$4.00; Plants, \$2.00

NASHAWENA. Dec. This new novelty won a first prize at Boston, 1927, for best vase of seedlings in the decorative class. When first opening the back petals are a strawberry color, changing to salmon as the blossom matures. The center is a lemon yellow, streaked with scarlet. The petals twisting at the points make the form very beautiful. Long sturdy stems hold the blossoms erect. It is a vigorous grower and blooms early. The very large flowers were much admired the past season.
Tubers, \$5.00; Plants, \$2.50

NATURE'S MASTERPIECE. Dec. At the Northwest Trial Grounds of the A. D. S. Show at the Washington State College, Puyallup, Washington, this Dahlia scored ninety-three points in 1925. This is the highest score that we know about for the large flowering varieties. We were told about this Dahlia and we grew it last year and were much pleased with it. The introducer's description is as follows: "A most elegant, rich combination of old rose, cinnamon and metallic bronze, blended into one color suffused with mulberry." In addition to this its effectiveness is increased by a violet shaded reflex. The large blooms are held erect on 20-30 inch stems. A very free bloomer.
Tubers, \$3.00; Plants, \$1.50

N. C. 4. Dec. The coloring of this Dahlia is almost impossible to accurately describe as the much twisted petals give it a decided tri-color effect, about equally divided between scarlet and white with yellow shadings both on the front and reverse. The huge flowers are carried on long stems which bend out most artistically on all sides of the bush.
Tubers, \$0.40

NEVELUNGENHORT. C. Salmon rose. Fine old favorite. Tubers, \$0.25

NOBILIS. Dec. Scarlet and white, mostly white. Unlike Earle Williams or any other scarlet and white. Blooms large all season. Tubers, \$0.50

NOPAL. H. C. A large nopal red hybrid cactus. This is one of those rare reds that delight the grower who is tired of growing flowers that sunfade. Artistic form, perfect center, and cane-like stems are among its charms. Tubers, \$2.00

NOTTINGHAM BEAUTY. A striking bi-colored decorative. A combination of true purple with white tipped petals. Thick fluffy flowers of medium size, borne on erect stems of good substance. Tubers, \$2.00; Plants, \$1.00

O

OH HENRY. A sensational new fancy decorative that was one of the most outstanding Dahlias in the fields the past season. An enormous flower on straight stems. Color, red and gold, variegated in the most striking manner imaginable. Stock limited. Tubers, \$10.00

OLIVE REED. (Seal.) Dec. A clear pure shade of yellow, of which we have not many. A large thick flower on excellent stems, held high above the bush. Tubers, \$3.00; Plants, \$2.00

OUR COUNTRY. Dec. One of the most attractive bi-colored or fancy Dahlias ever introduced. Color, a most beautiful shade of deep purple extending about three-quarters the length of petals, then shading into pure white at the tips of each and every petal. You will never see this flower sport to a solid color. The flowers often grow to be ten inches in diameter. Sold in 1924 for \$50 a bulb and \$15 in 1925. It now is within reach of all Dahlia growers.
Tubers, \$1.00

ORANGE GOLD. H. C. Rich orange-yellow, medium large, good free-blooming habit, producing full-centered flowers in abundance until frost. Tubers, \$1.50

OREGON BEAUTY. Dec. A seedling from William Agnew, resembling the parent in size, shape, and color. Flowers are large and full to the center. Color, a glowing, fiery scarlet, making Oregon Beauty distinctive in every garden. Tubers, \$0.50

P

PACIFIC GLOW. Peo. A very large light pink peony. Florets long and slightly twisted. Grand for exhibition. Tubers, \$0.50

PAPILLON. H. C. One of the big fellows. A wonderfully improved George Walters. A beautiful shade of old rose with golden lights, but decidedly different in coloring from the hybrid cactus which it resembles closely in type and size. Stems are strong and long. Tubers, \$1.00

PAUL MICHAEL. Dec. 1922 introduction. Won first prize for the largest Dahlia exhibited at Palace Hotel Show, 1921, also highest certificate of merit at the California Dahlia Society trial gardens. An immense flower of bright apricot with bronze shadings, good stems and unexcelled for exhibition. Tubers, \$0.50

PAUL REVERE. Dec. In this flower we have one of the best ever produced. A bright crimson, full heavy flower, with fine habit and good stems. Tubers, \$2.00; Plants, \$1.00

PEACOCK. (Peacock.) The finest variegated dark red and white we have ever seen or grown. Bush dwarf with large, deep flowers borne erect well above the foliage. Flowers of even form with full, deep centers. Evenly marked as much white as reddish purple, a characteristic uncommon in variegated Dahlias. Tubers, \$1.00

PEGGY ROLLAND. Dec. The joy of growing Dahlias is to grow something different, something the visitors talk about, and above all something you can stand back of when you say to a fellow grower, "It's good." Peggy Rolland is a mighty fine Dahlia, good stiff stems, very dark insect-proof foliage, and the color is unusual yellow with every petal tipped with a delicate shade of red. The blending of these colors makes a most remarkable coloring in a Dahlia. This Dahlia made quite a hit in the Boston Dahlia Show in our commercial display. Tubers, \$1.00

PEPPER'S DELIGHT. H. D. (Pepper.) New 1928. A gorgeous Dahlia with long pointed curly petals which go back to the stem, making a very deep and showy bloom. The center is high and full even late in the season. Color, yellow at center, shading to cream then to watermelon pink on the outer petals. Flowers are borne on good stems facing up. The bush is a strong grower of medium height and the foliage is fern-like in appearance. Tubers, \$3.00; Rooted cuttings, \$1.50

PEPPERMINT CANDY. Dahlia fanciers are always looking for something extraordinary and unusual. The name of this new hybrid cactus gives quite a unique description of this odd variety which is creamy white with many crimson stripes and splashes. It is large size and a very free bloomer, but we regret to say that the stem is not heavy enough to carry the large blooms. Tubers, \$1.00

PIERROT. The color is deep amber, each petal boldly dipped white. Unique flower and if disbudded huge. Tubers, \$0.35

PREMIER CLEMENCEAU. H. C. This is a very pretty Dahlia of lemon and white. One of the handsomest flowers we have. Tubers, \$2.00; Plants, \$1.00

PRESIDENT WILSON. Dec. This is one of the most attractive Dahlias I have ever raised, being a very bright crimson with each petal distinctly tipped white.
Tubers, \$2.50; Plants, \$1.50

PRIDE OF CALIFORNIA. Dec. (Lohrmann.) The finest of the dark crimson decorative Dahlias for all purposes.
Tubers, \$0.25

PRIDE OF DAHLIADEL. Dec. A massive flower of great depth similar to the Grizzly, but our tests have proven it a decided improvement. Has a fuller center, and holds an even tone without fading. Color, rich deep carmine red. A Dahlia of real merit.
Tubers, \$0.75

PRIDE OF STRATFORD. Dec. Predominating color, cadmium orange, shading to light orange at the base of petals; reverse rose. Very large flowers held erect on strong stems.
Tubers, \$1.50; Plants, \$1.00

POLAR SNOW. Dec. Large pure white.
Tubers, \$0.75

POP STEWART. Giant Dec. This is a remarkable flower of great size. Color, lilac pink. Won first prize for largest flower in Montclair Show, New Jersey. We recommend it as one of the finest Dahlias in existence, with great stems.
Tubers, \$1.50; Plants, \$1.00

PURPLE MANITOU. Dec. (Charmet.) Identical in shape and size to "Le Grand Manitou." In color, a beautiful rich deep purple.
Tubers, \$0.25

Q

QUEEN OF THE GARDEN BEAUTIFUL. Dec. It is a large primrose yellow with a strong stem, perfect type. A flower that fulfills the dream of Dahlia lovers. One of the largest of all Dahlias, measuring from nine to twelve inches across, grown without forcing. The stems are usually strong and is a wonderful keeper.
Tubers, \$2.00; Plants, \$1.00

R

RADIO. Dec. A 1924 sensation that held up in good shape. A very large attractive red and yellow flower with good stems. One of our best.
Tubers, \$0.75

RALPH BLODGETT. Dec. A very pretty tri-color combination of amber, pink and white.
Tubers, \$1.00

RALPH S. BAUER. H. C. (Roach.) This is a very attractive Dahlia and has made a big hit at the western trial gardens. Flowers grow very large, and to quote Dr. Faulk he says, "Red hybrid cactus reverse tan, an extra good all round Dahlia, garden, exhibition, or cut variety, best of habits, bloom early and has right up to frost." This Dahlia will be in great demand as soon as known and will be a prize winner. Petals are very long and narrow. Best of stems and well above the foliage.
Tubers, \$5.00; Plants, \$2.50

RED CROSS. H. C. Old gold shading, yellow and suffused scarlet. Very striking, of good substance and form.
Tubers, \$0.40

RED SOX. Dec. A grand new red that is perfection. One of the largest grown and every bloom of exhibition size and form. Its fine bush-like plants are always full of giant blooms, held erect on a perfect stem. Color, bright crimson-red. In form it is nearly that of the hybrid-cactus. A real wonder. Take my advice and don't miss this one.
Tubers, \$2.00; Plants, \$1.00

REINZE. Dec. Large, bold yellow and red flower, held above the foliage on good stems.
Tubers, \$1.00

- R. H. SHERWOOD.** Dec. (Harding.) A most wonderful cut flower, as it will keep for days when cut. The blooms are extra large and of a yellow and old rose color. One of Mr. Harding's best varieties. Tubers, \$2.00
- RIP VAN WINKLE.** Dec. A very large golden bronze. Good and long stem, free bloomer. Grows eight inches without disbudding. Blooms are deep and full resembling a giant ball. One of the most popular in my garden this season. Don't miss it. Only a few to sell. Tubers, \$5.00; Plants, \$2.50
- ROBERT SCOTT.** (Brock.) Dec. Color, apricot yellow, rose shading, large bold flower, excellent stem, bushes hold many large blooms at one time. Tubers, \$1.00
- ROBERT TREAT.** Dec. American Beauty rose shade that made a lot of noise for 1925. Also a prize winner 1923 and 1924. One nice start for Bob. Tubers, \$1.00
- ROBIN RED BREAST.** Dec. We have a lot of red and yellow Dahlias and yet in this combination we have more of a golden bronze, like the breast of a robin, hence the name. A very beautiful flower with golden orange and deep coin gold variations. Extra strong plant with great large blooms on long cane-like stems well above the foliage. I think this is one of Mr. Murphy's best introductions. Tubers, \$5.00; Plants, \$2.50
- ROCKWOOD.** Dec. One of Bessie Boston's favorite introductions, which she describes as follows: "An entirely new shade of pink which is more like the popular Russell rose, than any other flower. It is pure bright cerise rose." Large flowers with excellent stems. Low bushes produce masses of flowers all season. A continuous prize winner. Tubers, \$1.00
- RODMAN WANAMAKER.** Dec. (Peacock.) A most wonderful Dahlia, admired by all visitors. The blooms were nine-ten inches in diameter. In color again this variety is entirely distinct. The buds are pale lemon yellow as each petal expands, but quickly develops into a golden bronzy pink and finally into a bright shade of ochraceous salmon, with reflex of spinel pink. The bushes are tall and always covered with these immense blooms held perfectly erect on stiff stems. Sold for \$25 in 1924. Tubers, \$1.50; Plants, \$1.00
- ROMAN EAGLE.** Dec. One real bronze shade decorative; unusually large and deep. 1925 was a banner season for this great flower. Tubers, \$1.50; Plants, \$1.00
- ROSALIA STYLES.** Colossal Peo. The largest and best pink of this class. Beautiful form, immense size, stiff stems. Tubers, \$0.50
- ROSA NELL.** Dec. The color is a clear bright rose. Tubers, \$0.30
- ROSE FALLON.** Dec. The outstanding Dahlia of whole A. D. S. New York Show, 1925. Has no equal of its color East or West. Gigantic in size, wonderful stem, splendid keeper, perfect formation, and not in the least coarse. Winner of the silver medal. Color, deep old gold. Tubers, \$1.50; Plants, \$1.00
- ROYCROFT.** H. C. Large size, excellent form, petals rolled to tips and never showing an open center to the end of the season. One of the first to bloom. Always show a mass of perfect flowers until frost. Color is cinnamon buff. Tubers, \$1.50
- R. T. EDWARDS.** Dec. One of the finest in our collection; true to type, extra large flowers, carried on stout stems. Color: Most pleasing shade of pink with distinct reverse of plum. This Dahlia was judged as the best Dahlia in the Connecticut Horticultural Society Flower Show at Hartford, Conn., September, 1927. Quite an addition to any garden and a Dahlia you need for 1929. Tubers, \$2.00; Plants, \$1.00

RUBE GIRL. H. C. A remarkable bronzy or autumn shade. Tubers, \$0.30

RUNA. Dec. A charming new orchid pink that we grew last year for the first time and found it to be everything the originator claimed for it. For the abundance of its large blooms and lovely color few Dahlias surpass Runa. Its long stems and unusual keeping qualities make it an especially desirable cut flower. Tubers, \$3.00

S

SAGAMORE. (Kirby.) An outstanding novelty owing to its great beauty and wonderful keeping qualities. Five to seven inch flowers of true decorative form, clear deep yellow or bright orange. Dark shiny clean foliage, of vigorous and branching growth and continuously in bloom. Sagamore won the 1923 Darnell cup as the most beautiful and best keeping variety at the New York Show. Tubers, \$1.00

SALLY GIRL. Dec. One of the giants that has a very good stem for so large a flower. It never needs much trimming to produce good size blooms. It is a beautiful pink differently shaded from any I have seen, creamy rose pink, paler at the edges of the petals, and deep cream at the center. Tubers, \$2.00

SANHICAN'S BLUEBIRD. Dec. If I remember right, we have three Bluebirds on the market, all good singers, but this is the only one that hums. All summer she'll hum away the blues. Why be blue with a pink necktie? Tubers, \$1.25; Plants, \$1.00

SANHICAN'S GLORY. (F. & M.) Dec. A truly beautiful flower of good construction, fine stem. Color, orange, amber and gold. Tubers, \$0.75

SANHICAN'S MAGNATE. (F. & M.) As the name indicates, this is one of the big fellows of the Dahlia kingdom. Exhibition decorative of pale amaranth face tinged with a deeper amaranth pink, reverse of petals a solid claret color, heavily veined. The large flowers are held erect on very stiff stems, profuse bloomer, medium height plants, dark green foliage. Awarded Certificate of Merit by Dahlia Society of New Jersey, 1925. Tubers, \$1.50

SANHICAN'S MONARCH. (F. & M.) A dazzling exhibition decorative Dahlia of a deep Tyron-rose at center of flower, shading to a lighter tone at points of petals. A profuse bloomer having dark green foliage and black cane like stems which hold the flower perfectly out of foliage. A flower that never shows the center either early or late, of medium tall habit of growth. Excellent keeper. Tubers, \$1.50

SANHICAN'S NYMPH. (F. & M.) This large decorative is very attractive especially for exhibition. It is a deep flower with a very full center. Color, a beautiful primrose yellow with a shade of fawn rose on the reverse of petals, the latter color showing up more clearly at the center of the flower. Flowers, facing upward on strong stems. Tubers, \$5.00; Plants, \$2.50

SANHICAN'S PEACH. (F. & M.) A fluffy decorative of good size and great charm. It is exactly the shade of a ripe California peach with a real peach-cheek glow. Its attractiveness is further enhanced by the oddly twisted petals with staghorn tips. Rich dark green foliage, upright, straight stems and good habit of growth. A valuable addition to any real choice collection of Dahlias. Tubers, \$3.50; Plants, \$1.75

SANHICAN'S PURPLE. A fine decorative Dahlia. Ridgeway's chart describes the color as "True Purple." A full-centered, regularly shaped Dahlia of great keeping qualities either on the plant or the exhibition table. Of tall-growing habit, flowers held well above on long, black, rigid stems. Foliage, dark green and leathery. Tubers, \$3.50; Plants, \$1.75

SANHICAN'S ROSE. Clear rose-pink; very large; good cutter. Tubers, \$0.40

SEA-SHELL. Dec. In this variety we have a very beautiful flower, a very profused bloomer and holds a fine tight center all season long. Blooms grow from eight to nine inches diameter, has long stiff stems. Color is shell pink shading to white, the outer petals being edged light purple and covered with a golden sheen.
Tubers, \$2.00; Plants, \$1.00

SHIRLEY EILEEN SHATTUCK. Dec. The best lavender to date on long stiff stems. Free bloomer on well constructed plant. Can easily be grown eight inches in diameter without disbudding. Don't miss this one as it is reasonable in price for so good a seedling.
Tubers, \$4.00; Plants, \$2.00

SHUDOW'S LAVENDER. Dec. The very large bloom is a silvery lavender slightly shading to white. In hot weather the white will be more marked, but as the season advances will almost entirely disappear. The stem is absolutely perfect, long and stiff, and holds erect the big blossom.
Tubers, \$1.50

SILVERADO. H. C. (Seal.) Without doubt the largest Dahlia of its class ever produced. The immense blooms are of white, gradually shading toward the center to a delicate silvery lavender. The stems are extra long and strong, the tall, well branched bushes are always covered with these huge feathery blooms.
Tubers, \$3.00; Plants, \$1.50

SISKIYOU. H. C. This Dahlia grows to an enormous size and it produces the largest flowers we have ever grown. It has created a sensation wherever it was grown. Plants are very strong and vigorous. Flowers are held perfectly erect on strong stems. Color is pink, tinged mauve.
Tubers, \$1.50

SNOWDRIFT. H. C. Of part excellence as a pure white cut flower; large size, good stems, pure color, and wonderful keeping qualities.
Tubers, \$0.35

SOLI MIO. Dec. One of the new 1926 varieties that has made a hit with all that have seen it. A very large flower of the ten-inch type. Color, creamy yellow with large pointed petals. Stock limited.
Tubers, \$1.50

SOROSIS. Dec. A very large crimson decorative of fine form. The best red on the market today for this price.
Tubers, \$1.00

SOROSIS SOUVENIR. H. Dec. Immense blooms of a very rich, soft, yellow; a well built flower on long, stout stems. Wonderful exhibition and garden variety.
Tubers, \$1.00

SPORT. (Dahliadel, 1926.) As its name indicates it is a sport of F. W. Fellows with all its merits, but a pleasing shade of deep buttercup yellow with buff shadings at center. Have grown this variety four years and it has never reverted to its parent. A wonderful exhibition flower, and fine for cutting, also a favorite in the garden.
Tubers, \$0.75

SPOTTSWOOD BEAUTY. Dec. This is one of the most beautiful varieties in the list of 1928 introductions. Color is a clear Chatena pink, shading to lemon yellow at base of petals. Flowers seven to eight inches in diameter, of great depth, and are borne on long cane like stems well above the foliage. Plant is a very healthy grower, and attains to a height of six feet and over. One of the most beautiful pink Dahlias ever introduced. Tubers, \$4.00; Plants, \$2.00

SUNNY CALIFORNIA. Gold, heavily suffused with red, a very pleasing combination. Large flowers, strong stems.
Tubers, \$1.25

SUNRISE TRIAL. Dec. A glorious flower of large size on perfect stems. The main coloring is scarlet, suffused geranium lake, edged and tipped with cadmium yellow. The center, high and finely formed, and the whole flower gives a daz-zling effect.
Tubers, \$1.00

SUSAN G. TEVIS. Dec. An extra fine Dahlia, which produces an abundance of flowers, early to bloom, and continues until frost. The color is a deep shade of lilac, with a bluish sheen. Flowers are carried on strong stiff stems.

Tubers, \$1.00

SULPHUR QUEEN. Dec. (Roach.) One of the outstanding Dahlias in my garden for the last two seasons. Blooms are large, and very full to center all season. Has fine long stiff stems well out of the foliage. A very profuse bloomer. Color is a beautiful shade of permanent or sulphur yellow.

Tubers, \$3.50; Plants, \$2.50

SYNCOPEATION. H. Dec. (White.) A wonderful bi-color combination, buff yellow with center of each petal a deep cherry red, blending together beautifully. Stem is long and stout holding the large flower perfectly. This is without a doubt one of the very novelties.

Tubers, \$1.50; Plants, \$1.00

SWIFT. Dec. A very large lemon yellow. Good stem and bloomer.

Tubers, \$0.50

T

THE BANDIT. H. C. A beautiful coloring of spectrum red with backs of petals a buff yellow and bright yellow at base. Scored second in a field of one hundred and forty-three entries at Storrs, Conn. I'll say Bandy is some shot. He can hit the bulls-eye in any garden. Just give him a chance.

Tubers, \$2.00; Plants, \$1.00

THE BASHFUL GIANT. Dec. This is unquestionably the largest flowering Dahlia ever produced. The gigantic blooms are excellent for exhibition, not only on account of its great size, but for its beautiful color, being an apricot with golden shadings. Should be in every Dahlia lover's collection.

Tubers, \$0.75

THE EMPEROR. Dec. (Marean.) It is a maroon of the finest type. The flower is made up of long flat petals. This Dahlia is enormous in size and produced on a long stem.

Tubers, \$1.00

THE GIANTESS. (Marean.) Dec. Rightly named. A perfect giant of a rich solid amber, strong plants and stems as stiff as a cane. A perfect exhibition flower.

Tubers, \$1.00

THE GRIZZLY. Dec. Deep red with extra fine stems. \$0.50 each; 3 for \$1.35

THE LEMONADE. (Ward.) Dec. Yellow Dahlias are becoming quite plentiful, but in this we have the very best I ever saw and think it almost perfect. Color, pale lemon yellow. An exhibition flower of vigorous growth, excellent, stem free flowering and flowers remain large all season.

Tubers, \$2.50; Plants, \$1.25

THE TELEGRAM. Dec. A new seedling of Mr. Marshall's that he should feel proud of. A wonderful orange yellow tipped white. Grows large on medium stems and a good bloomer. Attracted as much attention in my garden the past season as any other flower. Stock very short.

Tubers, \$1.50; Plants, \$1.00

TOM MIX. Dec. Entirely distinct new decorative of unique coloring, a startling combination of red, yellow and white. A massively built flower, very deep as well as broad. Don't miss this one as it is very popular.

Tubers, \$1.00

TOKAR. Dec. (Mrs. Richards.) Huge deep blossoms of velvety geranium pink with tones of begonia rose, the centers carrying a hint of amaranth purple. This slightly purple tone is noticeable in the whole flower after the sun has left the plants, at which time they are particularly lovely. Foliage is heavy and rubbery and seems to be pest proof.

Tubers, \$3.00

TRENTONIAN. Dec. A giant decorative. The color is that of an Indian skin, a wonderful blending of old gold, amber and coppery bronze. A well lasting cut flower on extra good stems.

Tubers, \$0.75

U

UNCLE TOM. Dec. If you want the nearest to black of any Dahlia that grows you should have this one. This Dahlia was placed on the Dahlia Roll of Honor in the December issue of the Garden and Home Builder magazine, 1926. Here is what the author, Derrill W. Hart, says of this Dahlia: "An aptly named flower with an unusually rich and impressive color. It is deep garnet, almost black, as rich as the finest velvet in texture; and, as La Tulip Noir enriches the tulip gardens, so Uncle Tom gives a touch of color to the Dahlia gardens that is both effective, different and artistic. The form is decorative. Keeps unusually well." His statement is justified in describing this Dahlia, as it has been awarded three Certificates of Merit at the trial gardens and a winner of many prizes in the show room for our customers, which means more to you than anything we can say of this remarkable Dahlia. It is a free bloomer of large blossoms held facing on good stiff stems. Tubers, \$1.50

U. S. A. H. C. This Dahlia has been one of our best sellers and has always been in demand even when the price was much higher than now. The color is a glowing orange red which appeals to all flower lovers. The flowers are very large and of a unique loose formation fitting in any artistic decorations. Tubers, \$0.75

V

VENUS. (Marean.) This is a very lovely variety. The color is a soft beautiful shade of creamy white with lavender suffusion. An extra fine grower. Tubers, \$0.40

VERNON DUBLE. Dec. A fine light Congo pink with center of antimony yellow with good stem and large flowers. Tubers, \$2.50; Plants, \$1.25

VIOLETTA. Dec. A very fine violet color with long stiff stems and very large, dark green foliage. Tubers, \$0.50 net

W

WALDHEIM SUNSHINE. Dec. Color, a true deep yellow with darker shading that improves under artificial light. A rich golden suffusion brightens its full high center. Form very attractive having long, wavy petals. Size extra large. Said by originator to grow twelve to fourteen inches in diameter. Stems long and sturdy holding flowers facing. Free bloomer and strong grower. Centers hold until frost. Tubers, \$7.50; Plants, \$3.75

WANDA MILLER. Dec. This variety very much resembles "Our Country" in color but is much improved by having a good, erect stem. The color is deep violet with a stripe of white running through each petal. Tubers, \$1.50; Plants, \$1.00

WASHINGTON CITY. C. A gigantic pure white, starlike flower. It has a long stem and holds its flower erect. Tubers, \$0.50

WATCHUNG SUNRISE. Dec. (Smith.) Strong healthy plant carrying its large, well formed blooms, of gold with pink suffusion, far above the foliage. A profuse and early bloomer. Stems unusually good. Centers high and well formed. Tubers, \$5.00; Plants, \$2.50

WAUWEGUA. Dec. A very odd shade and something different. A deep old rose in color. The large blooms are held aloft on strong stems. Tubers, \$2.00

W. D'ARCY RYAN. Dec. Fantastic yet fascinating. Violet purple, heavily tipped white. The description does not do it justice. Everybody buys it. Tubers, \$0.60

W. E. COOPER. (Boston.) A large true pink decorative which blooms well in hot dry weather. Clear light pink. Flowers five to seven inches. Stems six to twelve inches. No better pink of its size. Dwarf if grown well in open. Tubers, \$0.75

WEST POINT. A grand new red decorative of high order. The plants make a fine bushy growth and produce quantities of great blooms of finest form and on the best of stems, the whole season. Color, pure rich crimson-red.

Tubers, \$1.00

WHITE EMPRESS. Dec. (Jost.) This new white Dahlia was a sensation at the last New York and New Haven Shows. At the American Dahlia Society Show at Madison Square Garden it won the Darnell Cup as the best keeping variety in the show. At New Haven it received a Special Award of Merit. It is the ideal white Dahlia for the garden on account of its attractive appearance and sturdy growth. We have every reason to feel it will prove a great success as a commercial cut flower, because of its free blooming habit, uniform, perfect flowers and excellent substance.

Tubers, \$7.50; Plants, \$3.75

WHITE SISTER. A beautiful white decorative that has attracted the attention of Dahlia growers on account of its size and beauty. A free bloomer, producing flowers on very stiff stems.

Tubers, \$1.00

WILLIAM G. H. C. A very large flower of good habits, long stiff stem. Color, deep henna shade.

Tubers, \$1.50

WILLIAM H. HOGAN. Dec. Winner first prize New York, 1927. This is one of those Dahlias that must be seen to be appreciated. Color, garnet red with white tips running down the center of the petals. Perfect stems. Never has sported, every petal coming true to color. Nothing like it in Dahlias.

Tubers, \$5.00; Plants, \$2.00

WIZARD OF OZ. Dec. A vertiable giant of a Dahlia in a most attractive shade of amber pink. The immense blooms are carried upright on strong stems and are fine for exhibition or large decorations.

Tubers, \$1.00

W. J. ERWIN. Dec. Highly recommended as one of the best lavenders. It has size, good stems and blooms profusely.

Tubers, \$2.00; Plants, \$1.00

WM. SLOCOMBE. Dec. A fine large flower, well formed of a beautiful shade of canary yellow, shading to deep yellow towards the center. An exceptionally fine flower, carried on long, stiff stems, well above the foliage.

Tubers, \$0.60

WONDERLAND. Dec. One of the largest Dahlias ever produced. Chocolate maroon with silver reverse and a new odd twist in each petal that makes the flower large and heavy.

Tubers, \$2.00; Plants, \$1.00

WORLD'S BEST WHITE. (Murphy.) Dec. One of the outstanding whites at all the shows for the past two seasons, very free blooming Dahlia. Flowers on good long stems well above the foliage.

Tubers, \$1.00

WORLD'S WONDER. Dec. Color, golden salmon. Low plant and an early bloomer. This is a very large, deep, full flower with almost a never disappointing center. The keeping qualities of this flower are very unusual and it is borne on very long, stiff stems. A profuse bloomer.

Tubers, \$0.30

Y

YELLOW COLOSSE. Dec. Large showy flowers of pure primrose yellow are produced freely on long graceful stems.

Tubers, \$0.50

YELLOW PRINCESS. Dec. Here we have a gigantic yellow decorative that is in a class of itself. Somewhat like Queen of the Garden Beautiful. But much richer color, very strong grower and placed on long stiff stems. The rich golden yellow of immense size attracts every Dahlia lover and will when better known be in great demand. A. D. S. Certificate of Merit, 1926. Gold medal A. D. S. Show at New York, 1927. Garden and Home Builder honor roll.
